The Winter's Tale is a play by William Shakespeare, originally published in the First Folio of 1623. Although it was grouped among the comedies, some modern editors have relabelled the play as one of Shakespeare's late romances. Some critics consider it to be one of Shakespeare's problem plays, because the first three acts are filled with intense psychological drama, while the last two acts are comedic and supply a happy ending.

The New York Times–bestselling author of Single White Female introduces hard-boiled Florida PI Fred Carver: “Lutz has never written leaner prose” (USA Today). When the criminal’s bullet shattered his knee, Fred Carver’s colleagues called him lucky. Between his pension and the insurance check, they said, he had a nice, easy retirement to look forward to. But Fred Carver would rather have his knee. His career finished, his marriage over, he takes a halfhearted stab at private detective work, and is already sick of it by the time he meets Edwina Talbot, a beautiful woman who wants him to find her dead lover. Of course, Edwina doesn’t believe her lover is actually dead. Every piece of evidence at the crime scene pointed to suicide, but as far as she’s concerned her man is just missing and Fred Carver is going to bring him back. Carver wants nothing to do with it, but he can’t say no to a little adventure. Some men just aren’t built for taking it easy. This ebook features an illustrated biography of John Lutz including rare photos and never-before-seen documents from the author’s personal collection. Tropical Heat is the 1st book in the Fred Carver Mysteries, but you may enjoy reading the series in any order.

A husband's secret life, a wife's new beginning: escape to the Caribbean with #1 New York Times bestselling author Elin Hilderbrand. Irene Steele shares her idyllic life in a beautiful Iowa City Victorian house with a husband who loves her to sky-writing, sentimental extremes. But as she rings in the new year one cold and snowy night, everything she thought she knew falls to pieces with a shocking phone call: her beloved husband, away on business, has been killed in a helicopter crash. Before Irene can even process the news, she must first confront the perplexing details of her husband's death on the distant Caribbean island of St. John. After Irene and her sons arrive at this faraway paradise, they make yet another shocking discovery: her husband had been living a secret life. As Irene untangles a web of intrigue and deceit, and as she and her sons find themselves drawn into the vibrant island culture, they have to face the truth about their family, and about their own futures. Rich with the lush beauty of the tropics and the drama, romance, and intrigue only Elin Hilderbrand can deliver, Winter in Paradise is a truly transporting novel, and the exciting start to a new series. "I will just say that, 24 hours after I started this book, I purchased its sequel, What Happens in Paradise, and I did not leave either book to be enjoyed by strangers at the end of my vacation." –Elisabeth Egan, New York Times

From author-illustrator Jarvis comes a buoyant underwater tale about a little blue fish who learns that being dazzling isn't what makes you special. Coral Reef City is home to the most brilliant tropical fish in the ocean. Sparkling and multicolored, they swim around and around, showing off. And then there's Terry. Small, blue, and ordinary, Terry spends his days playing hiding games with his friends and wishing the tropical fish would play with him, too. So with the help of his friends, Terry fashions a flashy, dazzling costume and transforms into Tropical Terry. But life as the center of attention isn't quite everything Terry dreamed it would be -- especially once Eddie the Eel shows up, hungry for dinner. In a bright, cheerful story, Jarvis uses his vibrant art and heartwarming wit to prove that sometimes the things you thought made you unremarkable are actually the most special qualities of all.

Henry Miller’s famously banned book is “a matter-of-fact celebration of chucking one’s dreary life and following your heart to Paris” (Richard Price). Now hailed as an American classic, Tropic of Cancer, Henry Miller’s masterpiece, was banned as obscene in this country for twenty-seven years after its first publication in Paris in 1934. Only a historic court ruling that changed American censorship

standards, ushering in a new era of freedom and frankness in modern literature, permitted the publication of this first volume of Miller's famed mixture of memoir and fiction, which chronicles with unapologetic gusto the bawdy adventures of a young expatriate writer, his friends, and the characters they meet in Paris in the 1930s. Tropic of Cancer is now considered, as Norman Mailer said, "one of the ten or twenty great novels of our century."

"As enjoyable as a day at the beach." That's how USA TODAY summed up this hilarious and big-hearted romp in the Florida sunshine. When Murray Zelman, a.k.a. The Bra King, pops another Prozac and heads to the Keys, he has nothing much in mind beyond a quixotic hope of winning back his first wife, Franny, whom he dumped years before. But when he forms an unlikely friendship with Tommy Tarpon, the last remaining member of an obscure Indian tribe, another plan also starts shaping up in his fevered brain. Why not open up Key West's first casino? Why not? Well, how about because the Mafia, in league with some of the nastiest politicians you will ever meet, is determined to kill anyone who tries? Somehow, Murray, Tommy, and Franny didn't think of that until they were in way too deep. Laugh along as they improvise a manic and ever more desperate campaign to keep their casino dreams--and themselves--alive.

Winner of the 2003 Pulitzer Prize for Drama, this lush romantic drama depicts a family of cigar makers whose loves and lives are played out against the backdrop of America in the midst of the Depression. Set in Ybor City (Tampa) in 1930, Cruz imagines the catalytic effect the arrival of a new 'lector (who reads Tolstoy's Anna Karenina to the workers as they toil in the cigar factory) has on a Cuban-American family. Cruz celebrates the search for identity in a new land.

Seventeen marvelous essays introducing the habitats, ecology, plants, and animals of the Central and South American rainforest. A lively, lucid portrait of the tropics as seen by two uncommonly observant and thoughtful field biologists. Its seventeen marvelous essays introduce the habitats, ecology, plants, and animals of the Central and South American rainforest. Includes a lengthy appendix of practical advice for the tropical traveler.

Daniel has escaped Nazi Germany with nothing but a desperate dream that he might one day find his parents again. But that golden land called New York has turned away his ship full of refugees, and Daniel finds himself in Cuba. As the tropical island begins to work its magic on him, the young refugee befriends a local girl with some painful secrets of her own. Yet even in Cuba, the Nazi darkness is never far away . . .
