Chapter 2-summary - Summary
Abnormal Psychology: an ...
an excellent textbook for
abnormal, it resists a lot of the
impulse to simply follow DSM
criteria and the medical model. i
appreciated the integrated
approach taken to the disorders,
the mentions about research
being done, and the depth with
which the disorders were
discussed. i was also pleased to
see things like DBT mentioned
with BPD, and certain meds with
bi-polar - it takes it a step further
from simply describing the
disorders to discussing how
people are treating them today.
