Alcanzando la Inmortalidad es producto de un hacer, de un estudio acompañado de mucha práctica. El Tantra sexual, la catarsis psicológica y la yoga de cada raza son tres de las claves de conocimiento mágico. No se trata de un libro místico, sino científico, eminentemente

práctico, dirigido a los esoteristas e investigadores que buscan el Camino de la Trascendencia, de la Ascensión, o bien recuperar el Paraíso Perdido, interior y exteriormente. Los que buscan conservar la juventud, retardar o evitar el envejecimiento, hallarán -como el autor- respuestas que como él invitan con entusiasmo a la práctica, sin solemnidades ni teorías infundadas. Los que buscan dar un paso más en la Evolución Universal, hallarán también su meta. Aunque más lejana, el Camino es el mismo.

Las Pirámides aún no son la Panacea, pero son lo más aproximado. Revolución Terapéutica de las Pirámides es un libro para todo público, escrito por médicos con auxilio del piramidólogo Gabriel Silva, quien aporta conocimientos obtenidos durante 37 años de investigación personal y seis años de investigación intensiva en laboratorio de física, con un equipo periférico de médicos y biólogos.

En esta cuarta entrega de El Tesoro Magico... se revelan misterios que no pueden darse por otros medios. Apta para edades de 10 años. Se recomienda a los chicos que se lo hagan leer a sus padres, a ver si aprenden un poco... En eso de ser niños, que ya lo ha olvidado y por eso no comprenden las realidades más importantes del mundo. Algo puede quedar "colgado" si no has leído los tres anteriores que van correlativos: "El Tesoro Magico de las Pirámides," ..".de Iraotapar" y ..".de Yin Tzi Taa." En todos se revelan cosas importantes, pero esta escrito no solo para disfrutar, sino también para enseñar cosas que no te enseñaran en la TV u otros libros. Cosas que impactan incluso a los muy mayores. Dijo Julio Verne: "La Ciencia-Ficción no es mero cuento, sino ciencia contada en forma divertida." Tenía mucha razón.

La Tecnología usada para construir las grandes pirámides era superior a la actual. Era considerada sagrada porque servía para curaciones, extracción de energía, corregir problemas geobiológicos y muchas otras utilidades. Hemos descubierto los usos principales y seguimos descubriendo maravillas. Osiris e Isis (Conocimiento y Ciencia) dieron lugar a Horus (Espiritualidad). Pero la arqueología y egiptología deberán revisar sus posturas y versiones. Este libro demuestra que hay que reescribir la historia para extraer más provecho de esas ciencias.

The oldest legacy no build tombs, but Pyramids. Many scientific explored the ""Pyramid Effect."" Some states too. But the author is the unique individual, with its own resources has managed to uncover the most important and useful mysteries of the pyramids. State investigations are always censored, because each new discovery means headaches for archaeologists and Egyptologists. These ""science"" should tell students that all they learned is worthless. But in Cuba, the pyramids have medical use since 1984. The author made his first pyramid in 1973. Also many doctors in the world, farmers, seed producers, veterinarians and other scientists, are part of this revolution. With this manual You can make your own pyramids and learn in a few hours something important. This teaching is clear. You can make pyramids for health emergencies, for survival, preserve seeds, keep food ... And to be immune to bacterias, rheumatism, sclerosis and others. Undoubtedly, this book is the best gateway to the world of pyramidology.

"My people are destroyed for lack of Knowledge" (Hosea 4:6). This book is not meant for those who refuse to step out of their box, but instead cling onto their blinders, believing that the world

is exactly as they have always been taught it is. Rather, it is specially written for those who discern that things are not exactly as they seem, and are dedicated to the pursuit of truth and knowledge. "For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places"(Ephesians 6:12). "Behold a White Horse" is a roller coaster ride engaged in a myriad of related topics. The reader will be taken all the way back to ancient Babylon - the foundation of all secret societies, and continue on through Egypt and Rome. Other topics covered are ceremonial magick, kundalini power and evil spirits, the Talmud, Kabbalah, the apostasy of the Christian church today, alchemy, Papal Rome and the Catholic church, false prophets of the world, televangelists - wolves in sheep's clothing, & pagans in the pulpit." " Who changed the truth of God into a lie, and worshipped and served the creature more than the creator, who is blessed forever. Amen" (Romans 1:25) "This work is spiritually based, using many scriptures. It is the prayer of the author that through careful reading of these pages, the reader can connect the dots into a whole new level of discernment to help guard against demon traps and the many devices of Satan. Knowledge is power and the truth really does set you free."

Deepak Chopra has written his most ambitious and important work yet -- an exploration of the idea that everyone can have the direct experience of divinity. According to Chopra, the brain is hardwired to know God. The human nervous system has seven biological responses that correspond to seven levels of divine experience. These are shaped not by any one religion, but by the brain's need to take an infinite, chaotic universe and find meaning in it. As we make sense of the swirling "quantum soup", we inevitably find the face of God. In this remarkable book Chopra shows us how. How to Know God is Chopra's writing at its very best, an internationally celebrated blend of philosophy and science applied to the greatest subject of all. This is what each of us quests for, whether we realize it or not. For, as Chopra writes, "God is our highest instinct to know ourselves".

The invention of a whole range of diseases including penis-size anxiety and internet addiction is turning us all into patients. Jörg Blech investigates how inventing disease is fast becoming a profitable business and unearths the real motives of those pulling the strings.
