King of Pop Art Andy Warhol is one of the greatest artists of all time. Rarely venturing into public without his camera and tape recorder, Warhol was a great observer and documentarist of the American social scene. Somewhere within the iconic images, carefully-made personae, star-studded milieu, million-dollar price tags and famous quotes lies the real Andy Warhol.

2 / 4 Alastair Sooke discovers how the artist Henri Matisse has influenced our modern lives. Andy Warhol
1 / 4 Art critic Alastair Sooke investigates the life and works of Andy Warhol.

BBC One - Modern Masters - Episode guide

As Sooke jetted into Warhol's hometown of Pittsburgh in a rock video whirl of music and fast-cutting, the show appeared to pander to the modern world's attention deficit-prone, celebrity obsession in a way that seemed neither ironic or directly related to Warhol's own preoccupation with fame. Yet all was not what it seemed.

Modern Masters (TV Mini-Series 2010-) - IMDb

About the Modern Masters series: With informative, enjoyable texts and over 100 illustrations—approximately 48 in full color—this innovative series offers a fresh look at the most creative and influential artists of the postwar era. The authors are highly respected art historians and critics chosen for their ability to think clearly and write well.

Traces the life and career of the controversial American artist and discusses the themes and techniques used in his paintings

Traces the life and career of the controversial American artist and discusses the themes and techniques used in his paintings

Presents a brief biography of Andy Warhol and discusses his works and their influence on the art world.

Showcases the art of twelve revolutionary artists from the twentieth century, and offers commentaries on each artist's practices, life, and significant pieces.

Relates the artist's rise from poverty and obscurity to Pop icon, discussing his art, controversial films, and hip magazine.

This sumptuous volume presents the first full-scale exploration of Warhol's tremendous influence across the generations of artists that have succeeded him. Warhol brought to the art world a unique awareness of the relationship that art might have with popular consumer culture and tabloid news, with celebrity, and with sexuality. Each of these themes is explored through visual dialogues between Warhol and some sixty artists, among them John Baldessari, Vija Celmins, Gilbert & George, Felix Gonzalez-Torres, Robert Gober, Nan Goldin, Damien Hirst, Alfredo Jaar, Deborah Kass, Alex Katz, Jeff Koons, Barbara Kruger, Glenn Ligon, Robert Mapplethorpe, Vik Muniz, Takashi Murakami, Bruce Nauman, Cady Noland, Elizabeth Peyton, Sigmar Polke, Richard Prince, Gerhard Richter, Ed Ruscha, Cindy Sherman and Luc Tuymans. These juxtapositions not only demonstrate Warhol's overt influence but also suggest how artists have either worked in parallel modes or developed his model in dynamic new directions. Featuring commentary by many of the world's leading contemporary artists, as well as a major essay by the celebrated critic Mark Rosenthal and an extensive illustrated chronology, *Regarding Warhol* is an out-standing publication that will be essential reading for anyone with an interest in contemporary art.

Traces the life of the Romanian-born sculptor, discusses the influences on his work, and shows examples of his sculpture

A critical primer on the work of Andy Warhol. Andy Warhol (1928–1987), one of the most celebrated artists of the last third of the twentieth century, owes his unique place in the history of visual culture not to the mastery of a single medium but to the exercise of multiple media and roles. A legendary art world figure, he worked as an artist, filmmaker, photographer, collector, author, and designer. Beginning in the 1950s as a commercial artist, he went on to produce work for exhibition in galleries and museums. The range of his efforts soon expanded to the making of films, photography, video, and books. Warhol first came to public notice in the 1960s through works that drew on advertising, brand names, and newspaper stories and headlines. Many of his best-known images, both single and in series, were produced within the context of pop art. Warhol was a major figure in the bridging of the gap between high and low art, and his mode of production in the famous studio known as "The Factory" involved the recognition of art making as one form of enterprise among others. The radical nature of that enterprise has ensured the iconic status of his art and person. Andy Warhol contains illustrated essays by Benjamin H. D. Buchloh, Thomas Crow, Hal Foster, Rosalind Krauss, Annette Michelson, and Nan Rosenthal, plus a previously unpublished interview with Warhol by Buchloh. The essays address Warhol's relation to and effect on mass culture and the recurrence of disaster and death in his art.

Publication accompanies the inaugural exhibition at the new Frost Collection, Florida, which looks at the rise to prominence of the New York art scene in the two decades following the Second World War
