Physical Setting/Chemistry Regents Examinations

Chemistry is organized around major concepts of matter, structure, energy, and change. The "Benchmarks" in the chemistry Core emphasize the principles and laws that describe the conservation of matter, changes in the structure of matter, and changes in energy. Substances can be described by their chemical structure or properties.

Science - Chemistry Core

Chemistry 2e is designed to meet the scope and sequence requirements of the two-semester general chemistry course. The textbook provides an important opportunity for students to learn the core concepts of chemistry and understand how those concepts apply to their lives and the world around them.
