Ash is James Herbert's last and most controversial novel. It will make you wonder what is fact and what is fiction. Fear will let you in. Terror will keep you there. David Ash, ghost hunter and parapsychologist, arrives at Comraich Castle – a desolate, ancient place with a dark heart – to investigate a series of disturbing events. An incorporeal power has been ignited by a long-ago curse, fed and now unleashed by the evil of those who once inhabited this supposed sanctuary – and by some who still do. Yet their hour of retribution is at hand . . . Start the chilling series from the Master of Horror, with Haunted.

A terrifying, other wordly tale by international horror sensation James Herbert

Partially incapacitated by a stroke, Thom Kindred returns to his childhood home of Castle Bracken to recuperate amid the comfort of old memories, but his returned brings to life an ancient evil from which Thom's only chance of escape lies in the magical childhood world of fantasy in which he longer believes. Reprint.

'48 by international bestseller and Master of Horror, James Herbert, explores a horrifying alternative end to the Second World War. In 1945, Hitler unleashed the Blood Death on Britain as his final act of vengeance. Those who died at once were the lucky ones. The really unfortunate took years. The survivors – people like me, who had the blood group that kept us safe from the disease – were now targets for those who believed our blood could save them. I survived for three years. I lived alone, spending my days avoiding the fascist Blackshirts who wanted my blood for their dying leader. Then I met the others – and life got complicated all over again . . .

An investigator into the supernatural is hired by a once-noble family to discover whether the family residence is haunted, an assignment which almost proves his undoing

The Secret of Crickley Hall is James Herbert's number one bestseller. It explores the darker, more obtuse territories of evil and the supernatural. With brooding menace and rising tension, he masterfully and relentlessly draws the reader through to the ultimate revelation – one that will stay to chill the mind long after the book has been laid aside. The Caleighs have had a terrible year . . . They need time and space, while they await the news they dread. Gabe has brought his wife, Eve, and daughters, Loren and Cally, down to Devon, to the peaceful seaside village of Hollow Bay. Perhaps here they can try, as a family, to come to terms with what's happened to them . . . Crickley Hall is an unusually large house on the outskirts of the village at the bottom of Devil's Cleave, a massive tree-lined gorge – the stuff of local legend. It's perfect for them, if a bit gloomy. And Chester, their dog, seems really spooked at being away from home. And old houses do make sounds. And it's constantly cold. And even though they shut the cellar door every night, it's always open again in morning . . .

Fluke is the moving story of a dog with the memories of a human, with the signature twisting plot Master of Horror James Herbert is famed for. A dog wanders the streets, compelled by a

Access Free Ash David 3 James Herbert

ravenous hunger. Hunting a prey he cannot not define, driven by a primal instinct he cannot ignore. He is more than he thinks, more than he can remember and in the depths of his brain the memory of what he once was is clawing for release . . .

Ash features one of Herbert's best-loved characters, David Ash, the sceptical paranormal detective, first encountered in *The Ghosts of Sleath and Haunted* - both No. 1 bestsellers. Ash is investigating a mysterious and secluded stately home, deep in the countryside. There have been reports from locals about strange goings on, they think it might be haunted... What Ash eventually discovers is truly shocking. Prepare to be chilled to the marrow...

A chilling story of madness and murder, *The Fog* is a classic horror novel from James Herbert, author of *The Rats*. It begins with a crack that rips the earth apart. Peaceful village life shattered. But the disaster is just the beginning. Out of the bottomless pit creeps a malevolent fog. Spreading through the air it leaves a deadly, horrifying trail, destined to devastate the lives of all those it encounters . . .

Another classic James Herbert chiller, reissued by PanThree nights of terror at the house called Edbrook. Three nights in which David Ash, there to investigate a haunting will be victim of horrifying and maleficent games. Three nights in which he will face the blood-chilling enigma of his own past. Three nights before Edbrook's dreadful secret will be revealed.... And the true nightmare will begin Remember with Fear! 'Disturbing atmosphere and constant unpleasant shocks' Daily Mail
