Beneath The United States A  
Beneath the United States is a rich historical examination of US foreign policy toward Latin America from the early 1800s to 1996...The volume stands apart from other works in the field in that the unifying theme throughout is the well-documented argument that US policy makers consistently have treated their southern neighbors as inferiors. Of course, Schoultz also includes the more standard explanation for US behavior--national interest based on security, domestic, and economic issues--but ...

Beneath the United States: A History of U.S. Policy toward ...  
In this sweeping history of United States policy toward Latin America, Lars Schoultz shows that the United States has always perceived Latin America as a fundamentally inferior neighbor, unable to manage its affairs and stubbornly underdeveloped. This perception of inferiority was apparent from the beginning.

---

Beneath the United States — Lars Schoultz | Harvard ...  
Beneath the US is a rich and detailed history of US policy towards Latin America. It documents both the policies and their often racist motivations. The book is incredibly dense and full of confusing political wonkery but for the most part it's pretty readable.

Beneath the United States : Lars Schoultz : Free Download ...  
"Beneath the United States serves as a good overview of official U.S. attitudes toward Latin American countries from the time of their independence to the more recent U.S. support of insurgent forces in Latin American countries in an effort to install regimes receptive to perceived U.S. economic and security interests. Many specific incidents are covered, giving this work some reference value to anyone needing to know something about a particular affair, although it is meant to be read as ...

Beneath the United States : a history of U.S. policy ...  
"Written with a sharp sense of humour, Lars Schoultz's Beneath the United States is a strong criticism of US policy towards Latin America for almost 200 years. Schoultz's work integrates the most popular interpretations of US policy and gives them order and coherence by arguing that US hegemony, implemented in a variety of styles, was ultimately shaped by the belief of Latin American cultural inferiority...It is a book about misperceptions, narrow definitions and ethnocentrism that ...

In *A World Beneath the Sands*, acclaimed Egyptologist Toby Wilkinson chronicles the ruthless race between the British, French, Germans, and Americans to lay claim to its mysteries and treasures. He tells riveting stories of the men and women whose obsession with Egypt's ancient civilization helped to enrich and transform our understanding of the Nile Valley and its people, and left a lasting impression on Egypt, too.

Beneath the United States: A History of U.S. Policy Toward Latin America (Lars Schoultz); The United States and Latin America: A decade ago, transitions from dictatorship to elected civilian government, and from civil war to negotiated peace, changed the political landscape of Central and South America. The end of the Cold War changed the calculus of U.S. foreign policy and spurred hopes throughout Latin America for a loosening of the leash that has bound the behavior of Latin American ...
