A Review of Bill Hull's The Complete Book of Discipleship. The title of Hull's book assumes much - too much. Hull began with an admirable goal to cover the multi-faceted jewel that is discipleship, and he did touch on many different sides of the discussion, but he by no means presented the "complete" book of discipleship.

The Complete Book of Discipleship: on Being and Making Followers of Christ truly lived up to its name. Author Bill Hull took his readers through his vision for writing the book (the idea that we've made discipleship optional, focusing on self and a lack of "carrying our cross"), through the history of discipleship (both biblically and secularly), and through several forms of application in the area of developing discipleship in programs, relationships, small groups, and more.

Bill Hull Quotes (Author of The Complete Book of Discipleship)
Bill Hull writes a well informed, well written book on discipleship. The title is a bit ostentatious. "The Complete Book of Discipleship" makes a claim that just can't be lived up to in a 340 page book. That said, it's a decent book on discipleship.

Scripture places high priority on the disciplemaking capacity of the church. This book shows how to accomplish it. Foreword by Howard Ball.

Christ commanded the church to make disciples, to produce people who love and obey God, bear fruit, and live with joy. The crisis at the heart of the church is that we often pay lip service to making disciples, but we seldom put much effort behind doing it. For the pastor who is ready to put words into action, The Disciple-Making Pastor offers the inspiration and practical know-how to do so. Bill Hull shows pastors the obstacles they will face, what disciples really look like, the pastor's role in producing them, and the practices that lead to positive change. He also offers a six-step coaching process to help new disciples grow in commitment and obedience and practical ideas to integrate disciple making into the fabric of the church.

Thomas doubted. Peter denied. Matthew had a shady past. And most of Jesus' disciples had trouble understanding his true message and mission at times. How did Jesus take lowly fishermen and tax collectors and turn them into some of the most influential men that ever lived? And how can modern church leaders empower regular church members to meet their potential as servants of God? In Jesus Christ, Disciplemaker, Hull outlines Christ's methods in training his twelve disciples and presents a biblical pattern that emulates Christ's model for reaching the lost. By taking readers through four growth phases—evangelizing, establishing, equipping, and leading—Hull shows how these principles can be adapted for any discipler. Jesus Christ, Disciplemaker is the perfect resource for pastors and church leaders who want to learn how to help others grow in God's service.

Discipleship occurs when someone answers the call to learn from Jesus how to live his or her life as though Jesus were living it. The end result is that the disciple becomes the kind of person who naturally does what Jesus did. How the church understands salvation and the gospel is the key to recovering a biblical theology of discipleship. Our doctrines of grace and salvation, in some cases, actually prevent us from creating an expectation that we are to be disciples of Jesus. A person can profess to be a Christian and yet still live under the impression that they don't need to actually follow Jesus. Being a follower is seen as an optional add-on, not a requirement. It is a choice, not a demand. Being a Christian today has no connection with the biblical idea that we are formed into the image of Christ. In this ground-breaking new book, pastor and author Bill Hull shows why our existing models of evangelism and discipleship fail to actually produce followers of Jesus. He looks at the importance of recovering a robust view of the gospel and taking seriously the connection between conversion—answering the call to follow Jesus—and discipleship—living like the one we claim to follow.

Real-Life Discipleship explains what should happen in the life of every Christian and in every small group so that the church becomes an army of believers dedicated to seeing the world saved. With the overriding goal to train disciples who know how to make more disciples, this book offers proven tools and strategies from Real Life Ministries, one of America's fastest-growing churches. Discover what the Bible says about true and effective discipleship with these strategies and practices.

From the author of the best-selling book The Disciple-Making Pastor comes a call to Christian leaders to let go of their addiction to secular models of leadership rooted in pragmatic success. Most leadership literature talks about having the "right kind" of leadership personality. You know the type: big-picture visionaries who serve others and get the best out of people. But the popular pattern of doing what works and getting rewarded for it is actually the enemy of Christian leadership. It thrives on making our work impersonal and exploitive. Far too often, it serves the leader rather than those the leader leads. Sadly, this pattern dominates Christian leadership in the West. We need a different style of leadership — one patterned after Jesus. Jesus influenced others because of who he was, not because he was well-known or a person of power or because he had mastered a set of skills or implemented an effective leadership strategy. He could have completed his mission living in your house, driving your car, married to your spouse, working at your office, and raising your kids because leadership comes down to character. Many who aspire to leadership are looking for the right circumstances so they can lead. Many in positions of leadership find it difficult to lead because of obstacles, such as a lack of funds, authority, and or confusion about methods. Jesus faced all of these — and more — yet he accomplished his mission. This is not a book about improving Christian organizations; it is about changing how Christians lead. It is for anyone with a megaphone, a platform to speak, who wants to lead others in being a witness for truth. It is for people with a pulpit, whether that pulpit be a business or a position of influence in a domain of the culture: entertainment, sports, politics, industry, the arts, academia, or religion. If you are someone to whom others listen— this book is for you. Each chapter begins with a title and statement about Jesus' life. Jesus was a different kind of teacher. The Pharisees focused on doing the right thing. Jesus emphasized becoming the kind of person who wants to do the right thing. Others taught the importance of doing good. Jesus taught how to be good. He didn't teach behavior modification alone; he taught how to change the sources of behavior. Knowing how to lead others begins by seeing Jesus as your leader.

Greg Ogden recovers Jesus' method of accomplishing life change by investing in just a few people at a time. In this revised and updated edition Ogden sets forth his vision for transforming both the individual disciple and discipleship itself, showing how discipleship can become a self-replicating process with ongoing impact from generation to generation.

Shows pastors how to build high commitment within their churches despite the cultural tendency to avoid commitment.
