break a leg meaning, definition, examples, origin, synonyms

"Break a leg" is a typical English idiom used in theatre to wish a performer "good luck". An ironic or non-literal saying of uncertain origin, "break a leg" is commonly said to actors and musicians before they go on stage to perform, likely first used in this context in the United States in the 1930s or possibly 1920s, originally documented without specifically theatrical associations. The expression probably reflects a superstition in which directly wishing a person "good luck" would be consider

Break a leg - Wikipedia

It takes a quick 4000 newtons, or 900 pounds of force just to fracture your femur, so if you want to break it then you need to exceed that. To break your leg at home you need to deliver a quick 900+ lbs of force to the femur directly in the midsection of it. Please, do not try to break your leg though. 9K views
