Advanced Accounting delivers an in-depth, comprehensive introduction to advanced accounting theory and application, using actual business examples and relevant news stories to demonstrate how core principles translate into real-world business scenarios. Clearly defined and logically organized Learning Objectives aid in student comprehension, while highlighted Related Concepts illustrate how individual concepts fit into the larger picture. Short answer questions throughout the chapter allow students to test their knowledge before reaching the more in-depth end-of-chapter questions, promoting a deeper understanding of both technical and conceptual aspects of the field. Written by active accounting researchers, this text brings clarity and flexibility to the central ideas underlying business combinations, consolidated financial statements, foreign currency transactions, partnerships, non-profit accounting and more. This new Seventh Edition has been updated to reflect the latest changes to FASB and GASB standards, allowing students to build a skill set based on up-to-date practices. With a student-oriented pedagogy designed to enhance comprehension, promote engagement, and build real-world understanding, this user-friendly book provides an essential foundation in current advanced accounting methods and standards.

Getting out of the credit trap is taking the path to becoming debt-free. Continuous borrowing will only keep you subjugated to lenders. You will be diminishing the quality of your life because you will be paying creditors forever. People are programmed to think like borrowers. That's why borrowing money can be looked at as something that controls you. Whatever you think about the most will be the force that drives you in life. Being a BORROWER or a LENDER: which are you constantly thinking about? If you desire to stop borrowing money you have to start thinking like a lender?
