Country: The Twisted Roots of Rock 'n' Roll: Amazon.co.uk ... The title at first appeared confusing and after reading the book I had a problem connecting Country to Rock and Roll let alone the twisted roots. In retrospect I'm guessing the reason I made the purchase was to find out how the author makes the connection. Tosches is an excellent writer but this one for me did absolutely nothing.

Country: The Twisted Roots Of Rock 'n' Roll by Nick ... Tragically indeed that Tosches does not mention, in a book about country rock roots, the rocking 1946 single by the Texas Playboys, "Bob Wills Boogie," which has boogie piano by Millard Kelo, a rock-like solo by electric MANDOLINIST Tiny Moore, under-girded throughout by the manic playing and soloing of Junior Barnard.

Celebrating the dark origins of our most American music, Country reveals a wild shadowland of history that encompasses blackface minstrels and yodeling cowboys; honky-tonk hell and rockabilly heaven; medieval myth and musical miscegenation; sex, drugs, murder; and rays of fierce illumination on Elvis, Jerry Lee Lewis, and others, famous and forgotten, whose demonology is America's own. Profusely and superbly illustrated, Country stands as one of the most brilliant explorations of American musical culture ever written.

A true story of incest, physical abuse and mental torment and how one young girl fought back! For 17 years Louise was married to this man she had come to hate. Along with her were her five innocent children. For every year of their lives they watched their father brutally batter their mother. Each of the children were subjected to one or more of the following types of abuse. Incest. Physical Beatings. Mental Abuse. Deprivation. Rape. For years this family lived in fear and in 1977 they were falled by the judicial system when they tried to escape. They were able to get away but he only got a slap on the wrist. In 1994, seventeen years later he would not walk away. During that seventeen year period he married a severely mentally handicapped cousin and raised five more children. This second family was more severely abused. Learn from this story how a police captain from a small southern town finally brought about justice for all these victims and touched the lives of both families. This is a story of survival and strength and a story for survivors everywhere.

At twenty-nine years old, Alex McGregor is enjoying a fabulous life: she's married, living in Dallas, Texas, and owns a successful homeopathy business in the bustling downtown area. When she finds herself suddenly facing a divorce, she decides to not only leave her cheating ex-husband behind in her rearview mirror, but also big-city life. Drawn to a small town in east Texas that she once knew well, Alex ventures back to put down new roots-and to confront her past. A past that has never stopped haunting her. Soon, Alex is unknowingly caught up in a web of the town's secrets and lies until a ghost from her past unexpectedly reappears to untangle her from it. That ghost is Taylor Kingston, the town's own prodigal son and Alex's first love. This is a passionate tale of romance, betrayal, an unsolved crime, and magic. Twisted Roots will keep you guessing until the very end.

Gwen's story highlights years of childhood abuse, and unfathomable family secrets. Her memoir is the path to inner healing and a joyous testimony of how God keeps His promises and will deliver you from your darkest times.

'I want to tell you something now. I need you to listen closely and don't forget. I'm not sure how much time I have.' He stopped again and shook his head at the sky. He then pointed out a vivid star high above them in the moonless sky. 'There are magical places that exist in this world. Jes, places that the master architect created to balance good and evil. The time will come when you will leave this house and enter into another life that awaits you, a life you deserve and one with greater purpose. You don't know how special you really are.' Jessica's sole priority for the past thirteen years has been to keep her father alive in the hope he will wake up from his coma and save her. Threatening to cut off his life support at any sign of independence, her mother has controlled her life, even to the point of an arranged engagement to Seth, whom Jessica fears even more than her mother. When Jessica accepts this most outrageous demand yet and then discovers her father has 'passed away' anyway, she knows she has to escape. She runs until she is lost and bewildered in a Georgia swamp, where she discovers the existence of the wonderful place her father hinted at to her when she was only a child. In this magical, unreal world, just as she begins to discover the truth about her twisted family roots, three young men set their eyes on Jessica. One will win her heart, one will try to steal it, and one will try to kill her.

The music of Texas and the American Southwest is as diverse and distinctive as the many different groups who have lived in the region over the past several centuries, " writes Gary Hartman in his introduction to this refreshingly different look at various genres of Texas music. Roots of Texas Music celebrates the diverse sources of the music of the Lone Star State by gathering chapters by specialists on each of them—specialists whose views may not have dominated the perception of Texas music to date. Editor Lawrence Clayton conceived this project as one that would not simply repeat the common wisdom about Texas music traditions, but rather would offer new perspectives. He therefore called on contributors whose work had been well-grounded but not necessarily widely published. The result is a lively, captivating, and original look at the musical traditions of Texas Germans and Czechs, black Creoles and Chicanos, and blues and gospel singers. Hartman 's introduction places these repertoires within the larger picture of one of the most fertile musical seedbeds the nation knows. The diverse genres included in the anthology also provide an introduction to the classes, cultures, races, and ethnic groups of Texas and highlight the ways in which the state 's musical wealth has influenced the listening habits of the nation.

A forgotten singer from the early days of jazz is at the center of this riveting book -- a narrative that is part mystery, part biography, part meditation on the meaning and power of music.

The author of "Country" now offers a paean to a forsaken time of relentless excess, sudden ruin, and fierce music--the days of rock 'n' roll, long before Elvis came on the scene. 42 illustrations.

A portrait of singer Jerry Lee Lewis details his early life, music, controversial marriage, problems and decline, endurance, and revival in popularity
