This one, Dance Away with Me, will make you never try her again and that would be tragic. SEP is a great author, I've loved almost all her books but this one is a great big fail and so unlike her that I have to wonder if she actually wrote it. It is lacking in SEP's usual charm, humor and chemistry. The whole plot is so implausible (can't even ...

Lady Antebellum Lyrics: "Dancin' Away With My Heart". I finally asked you to dance. On the last slow song. Beneath that moon that was really a disco ball. I can still feel my head on your shoulder. And hoping that song would never be over. [Chorus:]

In this engaging memoir, Robert Rand tells the tale of how through dancing he helped free himself from the grip of panic disorder. Rand was a serious, shy, and intense scholar who had achieved national recognition in a career in writing and radio production. In the midst of his success, panic attacks overwhelmed him. For more than two years, he suffered their debilitating effects; the disease flattened his spirits and stripped him of self-confidence. Then he discovered social dancing, and in particular Cajun and zydeco dance and music. Dancing became a cathartic and liberating endeavor, helping him beat back his panic disorder to discover a world of passion and romance and to gain control of his life.

Aged Henry Lassiter knows well the temporal nature of life because his has ended.In that moment between life and death, a time when the mind struggles to maintain contact with the physical world as forces from the spiritual realm tug, Henry sees clearly the reason for the overwhelming desire to reach back through the veil - to hold onto the world he’s known for seventy-six years-Josephine; his sweet Jojo.In seemingly the blink of an eye, Henry and Jojo play together as children in the old neighborhood, move beyond the years of prepubescent games to teenage courtship and then to the stormy years of young marriage.As the arc of life tilts to the downhill side, problems of a different sort test them. It’s in these times that the rhythm of life leads to the ultimate dance - of love.A short story from our Candlelight line.

The personal journal of Deborah Bull, a principal dancer with the Royal Ballet, written during the year of Covent Garden’s closure, as she and the company danced away on world tours. This paperback edition includes a new Encore section that extends her witty diary into the early months of 1999.

Reunion Prom? Is this really a thing? In Wishful it is. Lexi Morales never imagined her life would turn into the premise for an 1980s teen movie. But when her big high school trauma hit like a ton of bricks, she spent the next decade trying to hide the truth. After years of careful avoidance, she’s back in town to care for her injured mother, just in time for the high school reunion she never planned to attend—a reunion that evokes memories she’s tried to forget. Wishful’s friendly neighborhood photographer, Zach Warren, has no idea why he and his best friend drifted apart. But from the first, flashbulb moment he sees Lexi all grown up, she’s all he can think about—and his thoughts keep straying right out of the friendzone. Zach’s offer of temporary employment while she’s in town should be a perfect fit, but acting like she’s never thought of him as more than a friend turns out to be harder than Lexi ever expected. All she wants to do is get through this with her secret—and her heart—intact. One thing’s for sure: Lexi is NOT going to this prom. But what if ten years is just the right amount of time for Zach to finally get a clue?

How do you recover from heartbreak, rejection, disappointment or betrayal punching you in the mouth? Our world of reality TV and social media says you either punch back or play the victim. Katina Boyd did not punch back or play the victim as she battled the heartbreak of serial infidelity and divorce. She danced! Katina took spiritual dance steps in the rhythm of healing instead of focusing on circumstances. In the Distracted Dance of Resilience, Katina invites us to follow her dance steps of faith towards flexibility, balance, confidence and ultimately, resilience. With honesty, openness, and storytelling, this twenty-one-day devotional helps us: - Shake off the bitterness of heartbreak by realizing people may reject us but God will always be with us.- Embrace the reality of our situation and remain faithful by remembering to trust God's track record.- Become willing to take God-directed action without seeing signs of good results on the horizon.- Move on with our lives healthy and whole by sharing our story with others.If letting go of bitterness, moving on with your life, and helping others is of interest to you, this twenty-one Day devotional and the power of the Holy Spirit will help you begin the process of bouncing back.

When sixteen copies of a famous Aztec statue arrive in New York, men will die to find out which one is the real thing A small South American republic has decided to capitalize on its national symbol: a prized gold statue of a dancing Aztec priest. The president asks a sculptor to make sixteen copies of it for sale abroad. The sculptor replaces the original with one of his fakes, and ships the real one to New York City for an under-the-table sale to a museum. The statues travel to America spread out among five crates, labeled to ensure that delivery goes as planned. But it doesn’t work. Asked to pick up the crate marked “E” at the airport, delivery man Jerry Manelli, confused by his client’s Spanish accent, takes crate “A” instead. The statue disappears into the city, leading him on a baffling chase, which—if he comes up with the wrong Aztec—could cost him his life.
