A real-life Scarface, Jon was born into the Gambino Mafia family and witnessed his first murder aged seven. He joined a US Army assassination squad in Vietnam to escape a teen criminal charge, then fled New York to reinvent himself in Miami as the number one supplier of cocaine in the US. With a crazed bodyguard always at his side, and a fortress protected by mortars, tear-gas cannons, and a gold-fanged attack dog, Roberts was brutally effective at what he did. With a cast that includes everyone from Jimi Hendrix and OJ Simpson to the CIA and General Noriega, *American Desperado* is a hedonistic, adrenaline-soaked joyride through the world of Escobar and the cartels, told by one of most successful criminals of all time.

of a western outlaw biochemist of the subterranean territories through the neo-shamanistic dystopia, neo-contemplative hoo-ha, and blatant neoteny of the 1970's New Age movements on the hunt for more profound and sublime naturalistic roots. The reader will be stunned by the enduring power of 'artistic ideals' vis-à-vis wan and vapid 'philosophical idealisms' in molding the indomitable traditions of society. With this first Post-Lux Swan Song, Konrad Ventana manipulates language in a timeless theme as elegant as a classical ballet, as poignant as our heartfelt emotions, and as enduring as the resonance of a new and illuminating apperception. This most remarkable book is truly a picture window to behold.
