Heartburn isn't just a minor inconvenience it is very painful and can inhibit your sleep, affect your work and make you feel miserable. Of course, if you are one of the millions of people who get heartburn at least once a month, you already know this. Heartburn happens when the lining of the oesophagus comes in contact with too much stomach juice, which can produce a burning pain and injure the oesophagus. There is a valve that connects the end of the oesophagus with the stomach, which normally functions to keep the stomach acid where it belongs in the stomach. But in people with frequent heartburn, this valve relaxes too frequently,

Imagine waking up one day to discover that you have forgotten everything about your life. Your only link with the past, your only hope for the future, is your identical twin. Now imagine, years later, discovering that your twin had not told you the whole truth about your childhood, your family, and the forces that had shaped you. Why the secrets? Why the silences? You have no choice but to begin again. This has been Alex's reality: a world where memories are just the stories people tell you, where fact and fiction are impossible to distinguish. With dogged courage he has spent years hunting for the truth about his hidden past and his remarkable family. His quest to understand his true identity has revealed

shocking betrayals and a secret tragedy, extraordinary triumph over crippling adversity and, above all, redemption founded on brotherly love. Marcus his twin brother has sometimes been a reluctant companion on this journey, but for him too it has led to staggering revelations and ultimately the shedding of impossible burdens. Their story spans continents and eras, from 1950s debutantes and high society in the Home Counties to a remote island in the Pacific and 90s raves. Disturbing, funny, heart-breaking and affirming, Alex and Marcus's determination to rebuild their lives makes us look afresh at how we choose to tell our stories.

Dime Sheppard delivers a smart and witty romance about a crime novelist who recruits her main characters to investigate her maybe-unfaithful fiancé. This quirky, fast-paced adventure will have you turning pages all night, drinking that eleventh cup of tea? Evie Howland has problems. Guns. Bombs. Murderers. And that's just on the page? In real life she's meant to be planning a wedding to adorable billionaire Daniel Bradley, but Evie is seriously snarled in the sixteenth book of her successful crime series. In fact, her protagonists are becoming almost impossible to wrangle: NYPD detective Carolyn Harding is volatile after a messy divorce, and

Detective Jay Ryan has that heated look in his blue eyes again. They're both sick of being written. And frankly they're getting a little physical. Evie is beginning to wonder if she's ever going to finish Book Sixteen and get them back into fiction where they belong. But when a disturbingly familiar homicide surfaces in the city papers, it seems as if other, darker characters might have crossed the fiction-frontier too. In which case, Evie is in a lot of real-life trouble. If she's going to survive it, Evie must face her own worst fears, and learn that real love can be the best way of writing her own story. But can she change the ending? Full of high-octane adventure and dry humour, this novel is perfect for fans of Janet Evanovich's fun, action-packed Stephanie Plum novels, or Mary Stewart's stylish romantic suspense.
