Dividends and Dividend Policy | Wiley Online Books
CHAPTER 10 DIVIDEND POLICY In this section, we consider three issues. First, how do firms decide how much to. At the end of each year, every publicly traded company has to decide whether to return cash to its stockholders and, if so, how much in the form of dividends. The owner of a private company has to make a similar decision about how much cash he or she plans to withdraw from the business and how much to reinvest.

DIVIDEND POLICY In this section, we consider three issues ...
Dividend decisions, as the very name suggests, refers to the decision-making mechanism of the management to declare dividends. It is crucial for the top management to determine the portion of earnings distributable as the dividend at the end of every reporting period. A company's ultimate objective is the maximization of shareholders wealth.
