Known to many as "the Matisse of Japan," Mayumi Oda combines traditional Japanese and Buddhist iconography with her own unique sense of color, line, and movement. In this collection, her groundbreaking artwork is paired with essays by San Francisco Zen Center and Green Gulch Farm Zen Center practitioners (including Richard Baker, Linda Ruth Cutts, Wendy Johnson, Edward Espe Brown, and Norman Fischer) who have owned, loved, and been changed by Oda's work over the years. Mayumi Oda's internationally-recognized artwork plays with traditional Japanese and Buddhist images, refiguring them as celebrations of the feminine and the natural world. Where most traditional Buddhist iconography features male figures, Oda introduces female "Goddesses" that seem to jump off the page,

imbued with the vibrancy of Oda's color and line. Originally from Japan, Oda settled in Muir Beach, California in the 1970s and began practicing and painting at Green Gulch Farm Zen Center, which Oda calls her "California Buddha Field." Divine Gardens pairs Oda's artwork with essays by her fellow practitioners, for whom Oda's artwork has been a constant companion. Suitable for study by art students or for display on a coffee table, Divine Gardens captures the essence of Mayumi Oda's art and life as a Zen practitioner. The forty-five full-color works of art and twenty-four essays contained in the collection are a joyful celebration of her work and the community forged through the years at the San Francisco Zen Center.

There is an urgent need in this current phase of human evolution for the Divine Feminine aspect of God or Mother God. Without a conscious connection with the Divine Mother, we have overly expressed and identified with the wounded masculine or patriarchal frequencies of attainment, achievement, aggression, domination, and self-image. In *The Arms Of Divine Mother* shares Jillian Vriend 's discovery of an intimate, nurturing, self-validating, and catalyzing experience of a Divine Motherly presence that goes beyond the limiting picture offered by fundamentalist religion or guru-based enlightenment achievement models of spirituality. This book offers how anyone can experience deep healing through visualization visits with the Divine Mother and Four of Her Faces: Kuan Yin, Magdalene, Mother Mary, and the Dark Mother. This book's touching message is that the Divine Mother is ready and waiting and in Her arms you can experience yourself as the sacred human you were meant to be!

Drawing from a variety of religious teachings, anthropological evidence, and myths and legends of the world's cultures and religions, the author shows the vital role water plays in all aspects of our spiritual lives, as an element of sustenance, cleansing, initiation, healing, gaining wisdom, and enchantment, inviting readers to reclaim their inner connection to the sacredness of water, and inspiring them to appreciate, honor, and protect the waters of the world.

By far one of the most important objects of worship in the Buddhist traditions, the bodhisattva Avalokitesvara is regarded as the embodiment of compassion. He has been widely revered throughout the Buddhist countries of Asia since the early centuries of the Common Era. While he was closely identified with the royalty in South and Southeast Asia, and the Tibetans continue to this day to view the Dalai Lamas as his incarnations, in China he became a she—Kuan-yin, the "Goddess of Mercy"—and has a very different history. The causes and processes of this metamorphosis have perplexed Buddhist scholars for centuries. In this groundbreaking, comprehensive study, Ch ü n-fang Y ü discusses this dramatic transformation of the (male) Indian bodhisattva Avalokitesvara into the (female) Chinese Kuan-yin—from a relatively minor figure in the Buddha's retinue to a universal savior and one of the most popular deities in Chinese religion. Focusing on the various media through which the feminine Kuan-yin became constructed and domesticated in China, Y ü thoroughly examines Buddhist scriptures, miracle stories, pilgrimages, popular literature, and monastic and local gazetteers—as well as the changing iconography reflected in Kuan-yin's images and artistic representations—to determine the role this material played in this amazing transformation. The book eloquently depicts the domestication of Kuan-yin as a case study of the indigenization of Buddhism in China and illuminates the ways this beloved deity has affected the lives of all Chinese people down the ages.
