The ultimate service manuals! Bentley manuals are the only comprehensive, single source of service information and specifications available for BMW cars. These manuals provide the highest level of clarity and completeness for all service and repair procedures. Enthusiasts, do-it-yourselfers, and professional technicians will appreciate the quality of photographs and illustrations, theory of operation, and accurate step-by-step instructions. If you are looking for better understanding of your BMW, look no further than Bentley. Even if you do not repair your own vehicle, knowledge of its internal workings will help you when discussing repairs and maintenance with your professional automotive technician. This Bentley Manual is the only comprehensive, single source of service information and specifications available specifically for BMW 5 Series from 1997 to 2002. The aim throughout this manual has been simplicity, clarity and completeness, with practical explanations, step-by-step procedures and accurate specifications. Whether you are a professional or a do-it-yourself BMW owner, this manual will help you understand, care for and repair your E39 5 Series. Though the do-it-yourself BMW owner will find this manual indispensable as a source of detailed maintenance and repair information, the BMW owner who has no intention of working on his or her car will find that reading and owning this manual will make it possible to discuss repairs more intelligently with a professional technician.

A practical restoration manual on the E36, the 3 Series BMWs built between 1990 & 1999. Covers all models from the 316 compact to the M3. A definitive account of the popular Ducati Desmodue - the reliable, affordable, high-performance motorcycle range that boasts one of the most successful Italian motorcycles of all time, the Ducati Monster, and is still in development today. Including full production histories, comprehensive specification details and owners' experiences, this new book covers the history of Ducati and the rise of the brand in the 1970s and Grand Prix racing with Fabio Taglioni's desmodromic valve engine design. The world-beating TT2 and TT1 racers are covered along with the best-selling Ducati Monster, the Desmodue 900SS and the SportClassic range. With the Scrambler, and new Ducati factories in Thailand and Brazil, the Desmodue story is brought right up to date - a story based a wonderful corner of Italy, some very special motorcycles and the astonishing people who made it all happen. Fully illustrated with 211 colour photographs.
