Family friend Old Cotter is telling the boy's aunt and uncle that the boy's mentor, Father James Flynn, has passed away after a third stroke. The Sisters - CliffsNotes

By Dr Oliver Tearle. 'The Sisters' is the opening story in James Joyce's 1914 collection, Dubliners. Unlike the other stories in the collection, it is told in the first person, by a young man recalling his friendship, as a boy, with a Catholic priest. As this very brief summary of the story would suggest, there is something odd in the story being given the title 'The Sisters', since the two sisters are actually not the central focus of the story.

The innocence of youth is tainted early in Dubliners, as death and Father Flynn's deathly influence permeate "The Sisters," looming behind both reader and narrator like an ominous shade. The child narrator may very well be a reflection of the reader, mirroring the thought processes that lead to a simultaneous realization of death's paralyzing nature in the world of Dubliners.

Dubliners is a collection of fifteen short stories by James Joyce and they present a penetrating analysis of the stagnation and paralysis of Dublin society. They form a naturalistic depiction of Irish middle class life in and around Dublin in the early years of the 20th century. The stories were written when Irish nationalism was at its peak, and a search for a national identity and purpose was raging; at a crossroads of history and culture, Ireland was jolted by various converging ideas and influences. They centre on Joyce's idea of an epiphany: a moment where a character experiences a life-changing self-understanding or illumination. Many of the characters in Dubliners later appear in minor roles in Joyce's novel Ulysses. The initial stories in the collection are narrated by child protagonists, and as the stories continue, they deal with the lives and concerns of progressively older people. This is in line with Joyce's tripartite division of the collection into childhood, adolescence and maturity. James Joyce (1882-1941) was an Irish novelist and poet, considered to be one of the most influential writers in the modernist avant-garde of the early 20th century. Joyce is best known for Ulysses, a landmark work in which the episodes of Homer's Odyssey are paralleled in an array of contrasting literary styles, perhaps most prominent among these the stream of consciousness technique he utilized. Considered as one of the greatest short stories in the Western Canon, James Joyce's complex narrative "The Dead", explores the intricate issues of identity and power through the lens of language, patriarchy, and imperialism. These issues are directly tied to the longstanding political turmoil of his native Ireland and the social questions of his day. Joyce's story reveals that we often achieve what we tried to avoid by pretending to be what we are not. At 15,672 words The Dead is often considered a novella and the best of Joyce's shorter works. James Joyce (1882–1941) was an Irish novelist and poet, considered to be one of the most influential writers in the modernist avant-garde of the early 20th century. Joyce is best known for Ulysses (1922), a landmark work in which the episodes of Homer's Odyssey are paralleled in an array of contrasting literary styles, perhaps most prominent among these the stream of consciousness technique he perfected. Other major works are the short-story collection Dubliners (1914), and the novels A Portrait of the Artist as a Young Man (1916) and Finnegans Wake (1939). His complete oeuvre also includes three books of poetry, a play, occasional journalism, and his published letters.

Seminar paper from the year 2005 in the subject English Language and Literature Studies - Literature, grade: 1,7, Otto-von-Guericke-University Magdeburg, language: English, abstract: In this essay I want to analyse and compare the two short stories "The Sisters" and "The Dead" from James Joyce's Dubliners, the analysis of the theme of paralysis being a second focus. The first story of the Dubliners collection, "The Sisters," opens the Dubliners sequence and explicitly introduces the topic of paralysis, one of Joyce's major concerns and a direct criticism in view of his home town Dublin. Therefore the topic of paralysis suggests further investigation, especially concerning the content of "The Sisters." In this essay I will ignore the earlier version of "The Sisters," which was printed in The Irish Homestead in 1904, to avoid confusion and to concentrate on Joyce's revised version, which was published in 1914 as the beginning of the Dubliners collection. Moreover the revised Dubliners version is better suited to be discussed in my essay, because of the fact that I want to take the general concept of paralysis within the whole collection of Dubliners into consideration. Nevertheless I will not take into account the contents of the other short stories from Dubliners, because I want to concentrate on the comparison between "The Sisters" and "The Dead," in order to avoid digressions and to keep my main focus in mind. "The Dead" I chose for investigation, because several parallels to "The Sisters" and similarities concerning the contents suggest to understand "The Dead" as a final coda or summary to the Dubliners collection.

Another reason for my choice of the two stories is founded on personal considerations: if I compiled a collection of short stories, I would put the best story at the ending as a climax and finale, and the second best at the beginning to arouse the reader's interest and curiosity. I assume that Joyce pursued a similar strategy. First I want to give a

First published in 1986. Dubliners was James Joyce's first major publication. Setting it at the turn of the century, Joyce claims to hold up a 'nicely polished looking-glass' to the native Irishman. In *Backgrounds for Joyce's Dubliners*, the author examines the national, mythic, religious and legendary details, which Joyce builds up to capture a many-sided performance and timelessness in Irish life. Acknowledging the serious work done on Dubliners as a whole, in this study Professor Torchiana draws upon a wide range of published and unpublished sources to provide a scholarly and satisfying framework for Joyce's world of the 'inept and the lower middle class'. He combines an understanding of Joyce's subtleties with a long-standing personal knowledge of Dublin. This title will make fascinating reading for scholars and students of Joyce's writing as well as for those interested in early twentieth century Irish social history.
