In English and in Dutch the written text doesn't correspond with the way you pronounce it. These ways of pronunciation differ from each other. As you may know, an important difficulty with pronunciation in Dutch is the adding or ignoring of sounds and letters. English is known for completely changing the sounds of letters or letter combinations. An example is ghoti. What is ghoti? Ghoti is a ...

The Netherlands and the United Kingdom have a strong political and economic partnership.. Over forty Dutch towns and cities are twinned with British towns and cities. Both English and Dutch are West Germanic languages, with West Frisian, a minority language in the Netherlands, being the closest relative of the English language if one excludes Scots.In addition, between 90% and 93% of people in ...

[Netherlands/United Kingdom relations - Wikipedia](#)

Old Dutch branched off more or less around the same time that Old English (Anglo-Saxon), Old High German, Old Frisian, and Old Saxon did. The early form of Dutch was a set of Franconian dialects spoken by the Salian Franks in the fifth century, and thus, it has developed through Middle Dutch to Modern Dutch over the course of 15 centuries. During that period, it forced Old Frisian back from ...

[Dutch-English dictionary - translation - bab.la](#)

Dutch is from the same family as English and German English students frequently say to me that Dutch is the easiest language to learn. It makes sense because Dutch is part of the Germanic branch of the Indo-European family of languages, just like English. And if you compare it to another language of that family, German, it's much easier.
