Eaarth: making life tough on a new planet written by Bill Mckibben is one the most informative books that has been written about global warming. Mckibben is an author, educator but most importantly an environmentalist. In fact, he was one of the first people to warn the world about global warning.

Eaarth: Making Life Tough On A New Planet By Bill Mckibben ...

Praise For Eaarth: Making a Life on a Tough New Planet ... " 'Eaarth' is the name McKibben has decided to assign both to his new book and to the planet formerly known as Earth. His point is a fresh one that brings the reader uncomfortably close to climate change. Earth with one "a," according to McKibben, no longer exists.
