Synopsis A guide to evaluation as applied to management development. The book deals in detail with the technical aspects of evaluation, but also addresses the politics of using evaluations and the range of purposes to which they may be put. This edition incorporates the Management Charter Initiative.

Read Online Evaluating Management Development

Leadership development (M&LD for short) is an area in which the theory?practice gap seems especially wide. The Kirkpatrick model (1983) still dominates how practitioners think about evaluating learning, and its four levels of impact (Reaction, Learning, Behaviour, Results) are still an extremely useful start point.

Read Online Evaluating Management Development Training And Education

Evaluation involves the assessment of the effectiveness of the training programs.

This assessment is done by collecting data on whether the participants were satisfied with the deliverables of the training program, whether they learned something from the training and are able to apply those skills at their workplace.
