My Thoughts provides a unique window into the mind of one of the undisputed pioneers of modern thought, the author of the 1748 classic, *The Spirit of the Laws*. From the publication in 1721 of his first masterpiece, *Persian Letters*, until his death in 1755, Montesquieu

Resistance and  
Persuasion is the first  
book to analyze the  
nature of resistance  
and demonstrate how  
it can be reduced,  
overcome, or used to  
promote persuasion.  
By examining  
resistance, and

providing strategies for overcoming it, this new book generates insight into new facets of influence and persuasion. With contributions from the leaders in the field, this book presents original ideas and research that demonstrate how understanding resistance can

improve persuasion, compliance, and social influence. Many of the authors present their research for the first time. Four faces of resistance are identified: reactance, distrust, scrutiny, and inertia. The concluding chapter summarizes the book's theoretical contributions and
