Financial Intelligence for Entrepreneurs: What You Really ...

Financial Intelligence for Entrepreneurs covers the core topics in modern finance: the income statement, the balance sheet, the cash flow statement, the matching principle, depreciation and amortization, and important financial ratios. Also included is a detailed but easy-to-understand explanation of why each topic is important, how each statement and ratio is constructed, and (crucially) the implicit assumptions used in each tool, which can mislead the unwary or

## Read PDF Financial Intelligence For Entrepreneurs What You Really Need To

Since its release in 2006, Financial Intelligence has become a favorite among managers who need a guided tour through the numbers, helping them to understand not only what the numbers really mean but also why they matter. This new, completely updated edition brings the numbers up to date and continues to teach the basics of finance to managers who need to use financial data to drive their business.
