Whether you choose the finite or infinite game will also determine how you define success, and what you need to achieve it. Finite players need power. Power gives them the best chance to win in each successive contest. Infinite players need endurance. They need attributes to keep them going. Carse explains, "let us say that where the finite player plays to be powerful, the infinite player plays with strength."

Finite and Infinite Games: Two Ways to Play the Game of Life

Finite games are played for the sake of ending them, but infinite games are played simply for the sake of playing. No one can force you to play a game, and winning isn't everything. Everything in life can (and should) be viewed as a game. Let's set aside our preconceptions about "games" and reconsider the very nature of human existence!
