Flagship Victory by B.V. Larson (Galactic Liberation #3)

I picked up this book after reading some of Larson's 'The Undying Mercenaries'. "Everything needed for a great story is right here in its pages... The novel's a fast-paced read that raises the questions we've come to expect from near future thrillers, but it has a freshness and a vigor -- and dare I say it -- a moral compass that isn't as common as with others of its ilk." - Charles de Lint: Books to Look For, Fantasy and Science Fiction Magazine (July/August 2014) When US Marine Sergeant Jill Repeth's blown-off legs begin to regenerate, she thinks it's a medical miracle. But the breakthrough that heals her war injuries is exactly what the government desperately wants to quash - by any means necessary. Hunted, she must cross an America wracked by strife to try to find a family who may already be dead, searching for the inhuman secret of what started it all. They hunt us. They bomb our worlds for target practice. A star cluster in the constellation of Orion rotates once every thousand years. Those who rule there have an ancient tradition: When each cycle ends, they train their fleets by spilling the blood of lesser beings. The enemy fleets are coming again. In response, the Rebel Worlds gather their starships to face the terrifying threat, and this time humanity is asked to stand with them.The last time they considered Earth, Vikings in longboats were raiding English coastlines. Today, we're less primitive. Today, we're a target. One man is chosen to command Earth's single ship in the Rebel Fleet. When the war breaks out, Leo Blake must win it... or die trying."Classic B. V. Larson. This book grabs you by the plasma cannon and won't let go. Fast adventure, fast action--and I loved the space-battles!"- S. Arthur
