In High-Probability Techniques for Trading Forex the author and trading educator Anthony Prescott PhD skillfully outlines every aspect of a practical trading plan-from entry to exit-that he has developed over the course of his distinguished twenty-plus-year career. The result is a complete approach to trading that will allow you to trade confidently in a variety of markets and time frames. Written with the serious trader in mind, this reliable resource details a proven approach to analyzing market behavior, identifying profitable trade setups, and executing and managing trades-from entry to exit. This book will provide you with a reliable and robust trading method which has been refined via manual testing, demo testing and live trading. This High Probability Trading Method can be traded on any time frame you choose.

Jared Martinez traded the forex market for a decade through the 1980s and '90s before he discovered that successful trading requires 10 percent skill and 90 percent emotional intelligence. He founded the Market Traders Institute on that underlying principle, and now MTI is the most established leader in forex education

worldwide. Jared is known as “ FXCHIEF ” in the industry, and now, in *The Forex Mindset*, he shares his secrets with you. Leadership experts and corporate executives are just waking up to what the FXCHIEF has known for more than 15 years—emotional intelligence matters. With *The Forex Mindset*, you get up close and personal with greed and fear, the two leading forces in the market. Everyone gets in for greed, but without a healthy understanding of fear, you may be in for one of the worst journeys of your life. This performance-oriented guidebook features a potent synthesis of psychology and strategy that will exponentially increase your ability to acquire wealth as a trader. Even veteran traders with bulletproof trading strategies are doomed to fail if they don ’ t know themselves. *The Forex Mindset* prepares you to be a successful trader by helping you identify your unique psychological strengths and weaknesses and how you naturally behave in times of financial crisis. With a newfound understanding of yourself, you can use this book to map out your own path to wealth by: Delving into human nature and market behavior Learning how to improve your emotional intelligence Doing what top traders do to control their emotions in trades and in times of crisis Implementing authoritative strategies for effective thinking in a state of fear If you want to make a living from trading forex, apply the lessons in *The Forex Mindset* and you ’ re already 90 percent there!

In *High Probability Trading Strategies*, author and well-known trading educator Robert Miner skillfully outlines every aspect of a practical trading plan – from entry to exit – that he has developed over the course of his distinguished twenty-plus-year career. The result is a complete approach to trading that will allow you to trade confidently in a variety of markets and time frames. Written with the serious trader in mind, this reliable resource details a proven approach to analyzing market behavior, identifying profitable trade setups, and executing and managing trades – from entry to exit.

Praise for FOREX CONQUERED "In this amazing book, John covers it all. From trading systems to money management to emotions, he explains easily how to pull money consistently from the most complicated financial market in the world. John packs more new, innovative information into this book than I have ever seen in a trading book before." —Rob Booker, independent currency trader "John Person is one of the few rare talents that are uniquely qualified to help traders understand the process of successful trading. With today's markets becoming increasingly challenging, John has cut right into the essentials and brought forward the much-needed tools of forex trading. This clear and well-organized publication is a major step forward in helping traders gain an edge. I would highly recommend Forex Conquered as a valuable handbook for both aspiring and experienced traders alike." —Sandy Jadeja, Chief Market Analyst and Editor London Stock Exchange, London, England "Forex Conquered is a bold title, but this book delivers the tools needed for successful forex trading. There is no fluff here, just the wisdom of a trading veteran that I have always respected-and followed." —Michael Kahn, Editor, Quick Takes Pro market letter and Columnist, Barron's Online "This is a wonderful, in-depth view into the explanation of technical analysis and prudent money management guidelines in the forex market." —Blake Morrow, President, 4XMadeEasy "Forex Conquered is a meaningful contribution to the growing number of books on forex trading. John Person provides a professional view of forex trading that readers will be able to use as a guide for strategies and tactics that work. The scope of the book covers more than forex and includes salient aspects of futures and option trading. It should be read and then re-read!" —Abe Cofnas, President, Learn4x.com Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.

While most books on trading deal with general concepts and shy away from specifics, Forex Patterns and Probabilities provides you with real-world strategies and a rare sense of clarity about the specific mechanics of

currency trading. Leading trading educator Ed Ponsi will explain the driving forces in the currency markets and will provide strategies to enter, exit, and manage successful trades. Dozens of chart examples and explanations will guide you each step of the way and allow the reader to "look over the shoulder" of a professional trader hard at work at his craft. This book provides traders with step-by-step methodologies that are based on real market tendencies. The strategies in this book are presented clearly and in detail, so that anyone who wishes to learn how to trade like a professional. It is written in a style that is easy to understand, so that the reader can quickly learn and use the techniques provided.

Jim's FOREX books are consistently ranked BEST SELLERS on Amazon and there is a very good reason for this. At no extra cost (or on-costs) Jim shares with his readers: His custom indicators for the MT4 MetaTrader platform, as a download at the end of the book. AND anyone who has received these indicators will also receive the MT5 version of his files when they have been programmed. An invitation to join his Facebook Group which has new as well as experienced Forex Traders contributing. Daily interaction in his Facebook Group He calls his trades live, shares his results AND records a weekly trade analysis video. His contact details if you require further clarification. Jim, from Queensland Australia, is a full-time Forex Trader and currently resides in Vietnam. This book will provide you with a reliable and robust trading method which Jim has refined via manual testing, demo testing and live trading. Jim's High Probability Trading Method can be traded on any time frame you choose. He has a personal preference for the 4hr charts or the daily charts as these are time frames he is comfortable with but of course, he acknowledges that there are different strokes for different folks when it comes to time availability, preferred time-frames, lifestyle choices etc. You may not wish to conduct your actual trading off an MT4 platform, however as this method relies on the use of Jim's indicators which he arranged to be specifically built for the platform, you will need to at

Bookmark File PDF Forex High Probability Techniques For Trading Without Indicators Wiley Trading

least download a free MT4 demonstration version to enable you to conduct your trade analysis, and then place your actual trades on your preferred Broker's platform. Although Jim concentrates solely on Forex trading, there is no reason why you could not trade this method on other financial instruments offered by many MT4 brokers such as Bitcoin, Oil, Precious metals, Commodities, Stock Indices, Individual stocks. Jim's other books Trading Forex with Divergence on MT4 *NEW (expands on Divergence mentioned in the High Probability book) Forex Trading: The Basics Explained in Simple Terms

A common denominator among most new traders is that, within six months of launching their new pursuit, they are out of money and out of trading. High-Probability Trading softens the impact of this "trader's tuition," detailing a comprehensive program for weathering those perilous first months and becoming a profitable trader. This no-nonsense book takes a uniquely blunt look at the realities of trading. Filled with real-life examples and intended for use by both short- and long-term traders, it explores each aspect of successful trading.
