Getting Started in Options is a great book that will get you started in options. Another Getting Started book I would suggest would be Getting Started in Chart Patterns by Thomas N. Bulkowski, also I would suggest Trader Vic's two books, Stan Weinstein book, William O'Neil's books, Martin Zweig, and Nicolas Darvas, since they all focus on break outs, which, in the options world, is a cash cow if you know how to play it right.

Options allow you to invest in the market while committing much less money than you would need to buy the stock outright. Options can help protect your portfolio. For example, if you own stocks, options can help protect those positions if things don't turn out as you planned. Certain options strategies can help you generate income.
