Grandmother's Kitchen Wisdom book. Read 2 reviews from the world's largest community for readers. Grandmother's Kitchen Wisdom Library. Volume 4

Dr. Myles Bader spent 10 years researching surefire ways to rid your property of unwanted pests. "Grandmother's Critter Ridder Book" discloses thousands of ingenious methods for doing away with just about every kind of insect and critter you can think of--using natural substances for safer results.

Former executive editor of The New York Times and one of our most eminent journalists Jill Abramson provides a "valuable and insightful" (The Boston Globe) report on the disruption of the news media over the last decade, as shown via two legacy (The New York Times and The Washington Post) and two upstart (BuzzFeed and VICE) companies as they plow through a revolution that pits old vs. new media. "A marvelous book" (The New York Times Book Review), Merchants of Truth is the groundbreaking and gripping story of the precarious state of the news business. The new digital reality nearly kills two venerable newspapers with an aging readership while creating two media behemoths with a ballooning and fickle audience of millennials. "Abramson provides this deeply reported insider account of an industry fighting for survival. With a keen eye for detail and a willingness to interrogate her own profession, Abramson takes readers into the newsrooms and boardrooms of the legacy newspapers and the digital upstarts that seek to challenge their dominance" (Vanity Fair). We get to know the defenders of the legacy presses as well as the outsized characters who are creating the new speed-driven media competitors. The players include Jeff Bezos and Marty Baron (The Washington Post), Arthur Sulzberger and Dean Baquet (The New York Times), Jonah Peretti (BuzzFeed), and Shane Smith (VICE) as well as their reporters and anxious readers. Merchants of Truth raises crucial questions that concern the well-being of our society. We are facing a crisis in trust that threatens the free press. "One of the best takes yet on journalism's changing fortunes" (Publishers Weekly, starred review), Abramson's book points us to the future.

Indianapolis Monthly is the Circle City's essential chronicle and guide, an indispensable authority on what's new and what's news. Through coverage of politics, crime, dining, style, business, sports, and arts and entertainment, each issue offers compelling narrative stories and lively, urbane coverage of Indy's cultural landscape.

Behavior of Exotic Pets is the first book on the subject to be written by behavioral experts, all with a wealth of practical experience. Divided into species-specific chapters, the book explains the normal behavior for each group of animals, including reproduction, parenting, communication and social behavior.

The book also addresses animals' environmental needs based on their behavior to enable owners to provide better husbandry and avoid potential problems. Descriptions of common behavioral problems are included, with practical recommendations for their treatment or management. This text is essential for any veterinary professional who would like to improve their knowledge of exotic animal behavior. It also serves as a valuable reference for animal behaviorists, exotic animal veterinarians, veterinary students, and anyone caring for these animals in captivity. Key features: The first and only book on exotic pet behavior written by behaviorists Covers a wide range of exotic pet species Discusses methods for treating and managing common behavioral problems Offers practical advice on topics such as housing and handling of animals Includes separate chapters on learning, welfare, and behavioral pharmacology

Inside look into the police investigation involving the dog mauling murder of Diane Whipple.

"The drawings aren't very good, Mama." Crappy Boy, age 5 Of course you love being a parent. But sometimes, it just sucks. I know. I'm Amber Dusick and I started my blog Parenting: Illustrated with Crappy Pictures because I needed a place to vent about the funny (and frustrating) day-to-day things that happened to me as a parent. Turns out, poop is hilarious! At least when you're not the one wiping it up. This book won't make your frustrating moments any less crappy. But these stories about my Crappy Baby, Crappy Boy and my husband, Crappy Papa, will hopefully make you laugh. Because you're not alone. And sometimes the crappiest moments make the best memories. Parenting is wonderful! And also, well, you know.

Developing Instinctive Analytical Skills in Students Becoming a Critical Thinker: A User Friendly Manual trains students to distinguish high-quality, well-supported arguments from those with little or no evidence to support them. It develops the skills required to effectively evaluate the many claims facing them as citizens, learners, consumers, and human beings, and also to be effective advocates for their beliefs. Teaching and Learning Experience Personalize Learning - MyThinkingLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. Improve Critical Thinking - Coverage of persuasive speaking, decision-making, the Toulmin model of argumentation, and chapter-end writing and speaking exercises all teach students to construct and present arguments so that they can gain skill and confidence. Engage Students - Becoming a Critical Thinker: A User Friendly Manual exposes students to a variety of contemporary and multicultural issues, engaging their understanding of analytical skills through the use of articles and varied examples. Support Instructors - Teaching your course just got easier! You can create a Customized Text or use our Instructor's Manual, Electronic MyTest Test Bank or PowerPoint Presentation Slides. PLUS, our new Instructor's Manual has been updated and expanded with revised tests and answer keys, a discussion of chapter exercises, and suggestions for teaching critical thinking concepts. Note: MyThinkingLab does not come automatically packaged with this text. To purchase MyThinkingLab, please visit www.MyThinkingLab.com or you can purchase a value pack of the text + MyThinkingLab (VP ISBN-10: 0205176038, VO ISBN-13: 9780205176038)
