adjective. Denoting or relating to a business characterized by a very close relationship with its customers or clients. 'a high-touch consultancy'. More example sentences. 'high-touch customer service that the big retailers just can't give'. 'The senior vice-president of operations said: 'We're trying to balance the high-tech, high-touch thing.'.

High-Touch | Definition of High-Touch by Oxford Dictionary ...

High-touch CS offers a personal guide for the customer. The CS manager becomes a highly visual part of the customer experience and an integral part of product deployment beyond the initial period of onboarding. Such an effort will take up a greater amount of a CS employee's resources than a low-touch/tech-touch model.

High Touch-High Tech Franchise Information

The phrase "high tech high touch" emerged in the 1980s in the New York Times #1 bestselling book Megatrends, and was later explored in depth by author John Naisbitt in a book of the same name. He argued that brands need a high touch response in a high tech world, and explored the human craving for a more connected experience.
