Oracle Hyperion
Financial Management
11 Essentials These
questions are similar to
the ones asked in the
actual Test. How should
I know? I know, because
although I have been
working as a Hyperion

Read Free Hyperion

Consultant for many years, I have myself recently certified with the latest version of the Certification test. Before you start here are some Key features of the Certification Exam. This certification exam verifies that the candidate has the knowledge required in the area of Hyperion Financial Management. This certificate builds on

Read Free Hyperion

basic consultant skills and experience that is then refined by practical experience during several projects. The certification covers skills such as: creating applications using and EPMA and via the classic method, loading data, defining rules, working with shared services and defining reports. The exam targets the

Read Free Hyperion

intermediate-level
implementation team
member. The exam is
Computer based and you
have 105 minutes to
answer 60 Questions.

The Questions are
(mostly) multiple choice
type and there is NO
penalty for an incorrect
answer. Some of the
Questions have more
than one correct answer.
You must get ALL the

Read Free

Hyperion

options correct for you to be awarded points. For questions with a single answer, the answers will have a button next to them. You will be able to select only one button. For questions with multiple answers, the answers will have a 'tick box' next to them. This allows you to select multiple answers. You are not allowed to use

Read Free Hyperion

any reference materials during the certification test (no access to online documentation or to any Oracle system). Clearing the Certification will not automatically lead you to a job. However a Certification with some project experience will certainly open a lot of doors for you. So if you have little or no experience, you should
