In this study of the impact and influence of the New Wave in French cinema, Douglas Morrey looks at both the subsequent careers of New Wave filmmakers and the work of later film directors and film movements in France. This book is organized around a series of key moments from the past 50 years of French cinema in order to show how the meaning and legacy of the New Wave have shifted over time and how the priorities, approaches and discourses of filmmakers and film critics have changed over the years. Morrey tackles key concepts such as the auteur, the relationship of form and content, gender and sexuality, intertextuality and rhythm. Filmmakers discussed include Godard, Truffaut, Varda, Chabrol and Rohmer plus Philippe Garrel, Luc Besson, Leos Carax, Bruno Dumont, the Dardenne brothers, Christophe Honoré, François Ozon and Jacques Audiard.

With no memory of the car accident itself, 17-year-old Mia must come to terms with never really knowing what happened one horrific winter's day that changed her life forever.

Richard Roud, film writer and co-founder and director of the New York Film Festival, was one of the most influential film critics of the twentieth century. Renowned for his close relationships with French New Wave directors such as Godard and Truffaut, he played a key role in bringing European art cinema to the attention of American and British audiences. This anthology brings together selected writings from his published works with previously unpublished archival material – from an unfinished study of Truffaut, to extracts from his books on film-makers such as Straub-Huillet and Ophüls, and articles for The Guardian and Sight & Sound. Charting Roud's journey through the world of film festivals and film criticism from the 1950s to the 1980s, *Decades Never Start on Time* provides a fascinating insight into the flourishing film culture of the era. With a preface by David Thomson.

It's every woman's fantasy: to pack a bag and leave everything behind. Meet Maribeth Klein, a harried working mother who is so busy taking care of her husband and twins that she doesn't even realise that she has had a heart attack. But her recuperation seems to be an imposition on those who rely on her. So Maribeth does the unthinkable - she packs a bag and leaves. Maribeth has always wondered who she is and where she comes from: and now's the time to find out. Now, far from the demands of family and career, she is finally able to own up to the secrets she has been keeping from herself and those she loves. From the bestselling author of *If I Stay* and *I Was Here* comes a stunning new novel for Forman's adult readers, an unflinching portrait of a woman confronting the joys and sorrows of marriage, motherhood and friendship. ~*~*Readers love *Leave Me*~*~* '[Leave Me] reminds you that we are all fragile human beings, imperfect and all a work in progress and above all, it reminds us that life is complex and frightening but not impossible' The Bookbag 'Read it, as they say, and weep' Daily Mail 'When I reached the end of this book, I was in tears because of how honest and raw it was. This book will really make you think very deeply about your deepest desires' Twenty-Three Pages 'An appealing fairy tale for the exhausted and underappreciated' Kirkus 'Deftly explores the domestic struggles of 21st-century bourgeois life. This is an insightful ode to--and cautionary tale for--the overburdened working mother' Book Page 'With humor and pathos, Forman depicts Maribeth's complicated situation and her thoroughly satisfying arc, leaving readers feeling as though they've really accompanied Maribeth on her journey' Publishers Weekly
