Religious procession is a significant dimension of religion in South Asia. Processions are central not only in Hinduism, but also Islam, Christianity, Jainism and Sikhism, which have large procession rituals. The last years have seen an increase in processions and ritualizations of space both in South Asia and in the South Asian Diaspora. Processions are religious display events and the increase in processions are functions of religious pluralism and competition about public space as well as economic prosperity and a revival of religious identities. Processions often bring together religion and politics since they are about public space, domination and contestation. Written by leading specialists on religious processions and ritualization of public space in South Asia and in the Diaspora, this volume presents current research on the interpretations of the role of processions, the recent increase in processions and changes in the procession traditions. South Asian Religions on Display will appeal to students and scholars of Asian studies, anthropology, religion and political science.

This book is a compilation of the articles written for Back to Godhead magazine to date by Lokanath Swami.

I have come to understand, that even though one may be born into a

Krishna Consciousness family or home, or even if a person has realized the Absolute Truth at death, Lord Krishna, reveals his potency into your soul and you need not a life time but a moment of deep surrender in devotion , and that is when Lord Krishna , is ready to walk with you in Bhakti Yoga. Lord Krishna says “ a devotee is a person who always thinks of me.”

What is life for? What may give it meaning? Does it have any meaning at all? A sage in ancient Israel brooded over these questions. In ancient India, too, such questions drove a despairing warrior to seek answers from his divine friend Krishna. The thoughts of the sage became the wisdom book Ecclesiastes; those of Krishna, the Bhagavad-gītā. Their wisdom speaks to our deepest concerns. In Vanity Karma, wisdom meets wisdom as these two perennial classics come together, both offering us profound understanding. And a deep and authentic spiritual understanding, we may find, can infuse our lives with meaning and with joy. Vanity Karma brings you on a journey through the full text of Ecclesiastes, a journey illuminated by traditional biblical scholarship, insights from the Bhagavad-gītā, a dash of autobiography, and a steady spiritual focus.

Through the long 20th century, Indian South Africans lived under the

Online Library In This Issue Iskcon Durban

whip of settler colonialism and white minority rule, which saw the passing of a slew of legislation that circumscribed their freedom of movement, threatened repatriation, and denied them citizenship, all the while herding them into racially segregated townships. This volume chronicles the broad outlines of this history. Taking the story into the present, it provides an analysis of how Indian South Africans have responded to changes wrought by the remarkable collapse of apartheid and the holding of the first democratic elections in 1994. Drawing upon archival records, in-depth interviews, and ethnography, this study examines the ways in which Indian South Africans define themselves and the world around them, and how they are defined by others. It tells of the incredible journey of Indian South Africans, many of whom are fourth and fifth generation, towards being recognized as citizens in the land of their birth and how, while often attracted by and seeking to explore their roots in India, they continue to dig deeper roots in African soil.

The Wiley-Blackwell Companion to African Religions brings together a team of international scholars to create a single-volume resource on the religious beliefs and practices of the peoples in Africa. Offers broad coverage of issues relating to African religions, considering experiences in indigenous, Christian, and Islamic traditions across

the continent Contributors are from a variety of fields, ensuring the volume offers multidisciplinary perspectives Explores methodological approaches to religion from anthropological, philosophical, and historical perspectives Provides insights into the historical developments in African religions, as well as contemporary issues such as the development of African-initiated churches, neo traditional religions, and Pentecostalism Discusses important topics at the intersection of culture and religion in Africa, including the arts, health, politics, globalization, gender relations, and the economy

Describes the features of Hinduism in one of the world's largest Hindu communities outside India - South Africa. This book examines the beliefs and practices common to all Hindus, and those aspects which distinguish the main groups. It also looks at the teachings and doctrines, and aims to provide an understanding of the practice of the religion.

Eleven Lessons in the Ancient Science of Bhakti-yoga Across five centuries and half the globe comes this compact guidebook of essential spiritual teachings. How to choose a guru, how to practice yoga, even

where to live – you'll find it all in this invaluable work originally written in Sanskrit by Srila Rupa Gosvami, the greatest spiritual genius of medieval India. Now translated and illuminated by Rupa Gosvami's modern successor, His Divine Grace A. C. Bhaktivedanta Swami Prabhupada, the Nectar of Instruction is the key to enlightenment for all seekers on the path of spiritual perfection.
