Contemporary literature defines internal audit as 'assurance and consulting service'. The issue is of balancing between consultation service and assurance service. Problem arises when the internal auditor forgets that the internal audit is primarily an assurance function. The consultation service flows from the assurance service.

After an accredited surveillance audit, IQPS was hired to perform internal audits based on QS-9000. Problem: Blair Strip had a one-man 'quality department' who wore many hats. It was hard to maintain independence and expertise. Solution: System was subsequently upgraded to TS-16949 and integrated with ISO 14001, and internal audits continue to be conducted throughout the years.
