Ispe Definition Restricted Access Barrier Systems Rabs

The International Society of Pharmaceutical Engineers (ISPE) has developed a definition of restricted access barrier systems, in collaboration with the US Food and Drug Administration, in order to clear up confusion in the pharmaceutical industry about meeting regulatory requirements for the technology.

Restricted access barrier systems defined

Read Free Ispe Definition Restricted Access Barrier Systems Rabs

With these improvements, a new name for a truly engineered solution was warranted: restricted access barrier system (RABS). In the early 1990s, industry leaders worked within ISPE to establish a new platform for end users to discuss isolators and advocate for their adoption, which resulted in the formation of the ISPE Barrier Isolator Conference (now the ISPE Aseptic Conference).
