Widely praised for its balanced treatment of computer ethics, Ethics for the Information Age offers a modern presentation of the moral controversies surrounding information technology. Topics such as privacy and intellectual property are explored through multiple ethical theories, encouraging readers to think critically about these issues and to make their own ethical decisions.

Lorraine Nordmann ' s leading textbook, Beauty Therapy: The Foundations has been fully revised to reflect VRQ Beauty Therapy at Level 2, and continues to be the only Official Guide to Level 2 Beauty Therapy fully endorsed by Habia while matching the recently updated National Occupational Standards. This comprehensive textbook features content specifically mapped to VRQ learning outcomes and range statements with VRQ terminology throughout and covers the most popular optional VRQ units. Maintaining a clear presentation and user-friendly format, this revised edition boasts new photography, new assessment questions, a revised glossary and four new chapters, with contributions from bestselling author of The Complete Nail Technician Marian Newman. This authoritative guide will encourage and inspire trainee beauty therapists towards a rewarding career. For a complete blended learning solution, this textbook can be used alongside U2Learn student learning website and e-Teach Beauty Therapy, providing a whole host of teaching and learning resources for the qualification.

Revised and updated, with a new page layout, this edition contains material on facial cosmetics and treatments, skin diagnosis, new products, guidance on the selling role of beauty therapists, and expanded use of tables and charts for skin conditions and products. Exercises and questions are included.
