The death poem, or jisei in Japanese, is expected to be composed in addition to a last will and testament. This book's masterful compiler, Yoel Hoffmann, notes in his introduction that jisei have been interpreted as final concessions to politeness and proper social conduct (i.e., they are salutations to those still living), but quickly dismisses this theory by showing how few of these poems ...

This book is both essentially a poetry book, that lists hundreds, if not thousands of poems written by both Monks, Samurai, and other poets from the 12th century, to the late 19th. The haiku are presented in English, with their Japanese translation in Romaji, to allow you to 'read' them in their original form, should you so desire.

"A wonderful introduction the Japanese tradition of jisei, this volume is crammed with exquisite, spontaneous verse and pithy, often hilarious, descriptions of the eccentric and committed monastics who wrote the poems." —Tricycle: The Buddhist Review Although the consciousness of death is, in most cultures, very much a part of life, this is perhaps nowhere more true than in Japan, where the approach of death has given rise to a centuries-old tradition of writing jisei, or the "death poem." Such a poem is often written in the very last moments of the poet's life. Hundreds of Japanese death poems, many with a commentary describing the circumstances of the poet's death, have been translated into English here, the vast majority of them for the first time. Yoel Hoffmann explores the attitudes and customs surrounding death in historical and present-day Japan and gives examples of how these have been reflected in the nation's literature in general. The development of writing jisei is then examined—from the longing poems of the early nobility and the more "masculine" verses of the samurai to the satirical death poems of later centuries. Zen Buddhist ideas about death are also described as a preface to the collection of Chinese death poems by Zen monks that are also included. Finally, the last section contains three hundred twenty haiku, some of which have never been assembled before, in English translation and romanized in Japanese.

Pretty much every poet in every age has written about death and dying. Along with love, it might be the most popular subject in poetry. Yet, until now, no anthology has gathered the best and most famous of these verses in one place. This collection ranges dramatically. With more than 320 poems, it goes across all of history, from the ancients straight through to today. Across countries and languages, across schools of poetry. You'll find a plethora of approaches—witty, humorous, deadly serious, tear-jerking, wise, profound, angry, spiritual, atheistic, uncertain, highly personal, political, mythic, earthy, and only occasionally morbid. Every angle you can think of is covered—the deaths of children, lost loves, funeral rites, close calls, eating meat, serial killers, the death penalty, roadkill, the Underworld, reincarnation, elegies for famous people, death as an equalizer, death as a junk man, death as a child, the death of God, the death of death You'll find death poetry's greatest hits, including: "Because I Could Not Stop for Death" by Emily Dickinson "To an Athlete Dying Young" by A.E. Housman "Do not go gentle into that good night" by Dylan Thomas "When Lilacs Last in the Dooryard Bloom'd" by Walt Whitman "Annabel Lee" by Edgar Allan Poe The rest of the band includes . . .Jane Austen, Mary Jo Bang, Willis Barnstone, Charles Baudelaire, William Blake, Charlotte Brontë, Lord Byron, Lucille Clifton, Andrei Codrescu, Wanda Coleman, Billy Collins, Ralph Waldo Emerson, T.S. Eliot, Nick Flynn, Benjamin Franklin, Robert Frost, Kimiko Hahn, Homer, Victor Hugo, Langston Hughes, James Joyce, C.S. Lewis, Amy Lowell, W.S. The lyrical world of Chinese poetry in faithful translations by Kenneth Rexroth. The lyric poetry of Tu Fu ranks with the greatest in all world literature. Across the centuries—Tu Fu lived in the T'ang Dynasty (731-770)—his poems come through to us with an immediacy that is breathtaking in Kenneth Rexroth's English versions. They are as simple as they are profound, as delicate as they are beautiful. Thirty-five poems by Tu Fu make up the first part of this volume. The translator then moves on to the Sung Dynasty (10th-12th centuries) to give us a number of poets of that period, much of whose work was not previously available in English. Mei Yao Ch'ên, Su Tung P'o, Lu Yu, Chu Hsi, Hsu Chao, and the poetesses Li Ch'iang Chao and Chu Shu Chen. There is a general introduction, biographical and explanatory notes on the poets and poems, and a bibliography of other translations of Chinese poetry.

From the editors of Zen Poems of China and Japan comes the largest and most comprehensive collection of its kind to appear in English. This collaboration between a Japanese scholar and an American poet has rendered translations both precise and sublime, and their selections, which span fifteen hundred years—from the early T'ang dynasty to the present day—include many poems that have never before been translated into English. Stryk and Ikemoto offer us Zen poetry in all its diversity: Chinese poems of enlightenment and death, poems of the Japanese masters, many haiku—the quintessential Zen art—and an impressive selection of poems by Shinkichi Takahashi, Japan's greatest contemporary Zen poet. With Zen Poetry, Lucien Stryk and Takashi Ikemoto have graced us with a compellingly beautiful collection, which in their translations is pure literary pleasure, illuminating the world vision to which these poems give permanent expression.

When The Sound of the One Hand came out in Japan in 1916 it caused a scandal. Zen was a secretive practice, its wisdom relayed from master to novice in strictest privacy. That a handbook existed recording not only the riddling koans that are central to Zen teaching but also detailing the answers to them seemed to mark Zen as rote, not revelatory. For all that, The Sound of the One Hand opens the door to Zen like no other book. Including koans that go back to the master who first brought the koan teaching method from China to Japan in the eighteenth century, this book offers, in the words of the translator, editor, and Zen initiate Yoel Hoffmann, the clearest, most detailed, and most correct picture of Zen that can be found. What we have here is an extraordinary introduction to Zen thought as lived thought, a treasury of problems, paradoxes, and performance that will appeal to artists, writers, and philosophers as well as Buddhists and students of religion."

A wonderful new translation of the poetry of Basho—Zen monk, poet of nature, and master of the haiku form. Basho's Haiku offers the most comprehensive translation yet of the poetry of Japanese writer Matsuo Basho (1644–1694), who is credited with perfecting and popularizing the haiku form of poetry. One of the most widely read Japanese writers, both within his own country and worldwide, Basho is especially beloved by those who appreciate nature and those who practice Zen Buddhism. Born into the samurai class, Basho rejected that world after the death of his master and became a wandering poet and teacher. During his travels across Japan, he became a lay Zen monk and studied history and classical poetry. His poems contained a mystical quality and expressed universal themes through simple images from the natural world. David Landis Barnhill's brilliant book strives for literal translations of Basho's work, arranged chronologically in order to show Basho's development as a writer. Avoiding wordy and explanatory translations, Barnhill captures the brevity and vitality of the original Japanese, letting the images suggest the depth of meaning involved. Barnhill also presents an overview of haiku poetry and analyzes the significance of nature in this literary form, while suggesting the importance of Basho to contemporary American literature and environmental thought. David Landis Barnhill is Director of Environmental Studies and Professor of English at the University of Wisconsin at Oshkosh. He is the coeditor (with Roger S. Gottlieb) of Deep Ecology and World Religions: New Essays on Sacred Ground, also published by SUNY Press, and the editor of At Home on the Earth: Becoming Native to Our Place: A Multicultural Anthology.

This celebration of what is perhaps the most influential of all poetic forms takes haiku back to its Japanese roots, beginning with poems by the seventeenth- and eighteenth-century masters Basho, Busson, and Issa, and going all the way up to the late twentieth century to provide a survey of haiku through the centuries, in all its minimalist glory. The translators have balanced faithfulness to the Japanese with an appreciation of the unique spirit of each poem to create English versions that evoke the joy and wonder of the originals with the same astonishing economy of language. An introduction by the translators and short biographies of the poets are included. Reproductions of woodblock prints and paintings accompany the poems.

The old Zen master Joshu (Zhaozhou also Chao-chou is one of those prototypical figures in classical Zen literature, the unpredictable protagonist of many of the key cases in the major koan collections. Come to think of it, many of our standard stereotypes of the Zen Master can be traced to this figure--irascible and blunt, down-to-earth and practical, prone to answer religious questions with seemingly off-the wall non-sequiturs and paradoxes if not a good sharp smack in the face. Regardless of the now probably untraceable layers of historical fact and later legend swirled about within this image, then, it's of vital importance in understanding the Zen tradition and its development, not to mention its current sense of identity. And so the classic Zen text purporting to be Chao-chou's recorded sayings, wonderfully translated in this book by Yoel Hoffman, is as extremely significant as it is quizzically enjoyable and underhandedly inspiring.--Amazon.com.
