JCB knows a thing or two about designing the perfect backhoe loader. We were, after all, the first company who developed the concept back in 1953. And we've stayed first pretty much ever since: today we're the world's number one backhoe loader manufacturer by quite some way (almost half of all backhoe loaders are JCB ones).

This Manual will cover the JCB Backhoe Loader - the iconic 'yellow' digger, variants of which have now been in production for over 50 years. The book will be produced with the full co-operation of JCB, who are likely to take approx 2,000 copies to use for promotional activity to celebrate the company's 70th anniversary in October 2015 (a year of celebrations is planed running until October 2016). JCB has an extensive archive from which material will be drawn for use in the book, and it is envisaged that the 'project vehicle' will be a 'classic' 1979 3C Backhoe Loader - revered by enthusiasts, and the machine that took JCB from leading British manufacturer to a global player.
