Infotech, second edition, is a comprehensive course for intermediate level learners who need to be able to understand the English of computing for study and work. Thoroughly revised by the same author it offers up to date material on this fast moving area. The course does not require a specialist knowledge of computers on either the part of the student or the teacher. The 30 units are organized into seven thematically linked sections and cover a range of subject matter, from Input/output devices for the disabled to Multimedia and Internet issues. Key features of the Teacher's Book: - exhaustive support for the teacher, with technical help where needed - a photocopiable extra activities section - answer key and tapescripts

Traces the roller-coaster economic history of Eastman Kodak, its troubled situation in the mid-1980s, its struggle to revitalize itself, with the assistance of new CEO George Fisher, and its promise for the future. 30,000 first printing. Tour.

Now in its fourth edition, Infotech is a comprehensive course in the English of computing, used and trusted by students and teachers all over the world.
