“Ars Amatoria” (“The Art of Love”) is a collection of 57 didactic poems (or, perhaps more accurately, a burlesque satire on didactic poetry) in three books by the Roman lyric poet Ovid, written in elegiac couplets and completed and published in 1 CE. The poem provides teaching in the areas of how and where to find women (and husbands) in Rome, how to seduce them and how to prevent ...

ARS AMATORIA - Ovid - Art Of Love Summary - Classical ...

Ars amatoria, (Latin: “Art of Love”) poem by Ovid, published about 1 bce. Ars amatoria comprises three books of mock-didactic elegiacs on the art of seduction and intrigue. One of the author’s best-known works, it contributed to his downfall in 8 ce on allegations of immorality. The work, which presents a fascinating portrait of the sophisticated and hedonistic Roman aristocracy ...

Ars amatoria | work by Ovid | Britannica

The Ars amatoria (English: The Art of Love) is an instructional elegy series in three books by the ancient Roman poet Ovid. It was written in 2 AD. Background. Book one of Ars amatoria was written to show a man how to find a woman. In book two, Ovid shows how to keep her. The third book, written two years after the first books were published, gives women advice on how to win and keep the love ...

The Roman de la rose in its Philosophical Context offers a new interpretation of the long and complex medieval allegorical poem written by Guillaume de Lorris and Jean de Meun in the thirteenth century, a work that became one of the most influential works of vernacular literature in the European Middle Ages. The scope and sophistication of the poem's content, especially in Jean's continuation, has long been acknowledged, but this is the first book-length study to offer an in-depth analysis of how the Rose draws on, and engages with, medieval philosophy, in particular with the Aristotelianism that dominated universities in the thirteenth century. It considers the limitations and possibilities of approaching ideas through the medium of poetic fiction, whose lies paradoxically promise truth and whose ambiguities and self-contradiction make it hard to discern its positions. This indeterminacy allows poetry to investigate the world and the self in ways not available to texts produced in the Scholastic context of universities, especially those of the University of Paris, whose philosophical controversies in the 1270s form the backdrop against which the poem is analysed. At the heart of the Rose are the three ideas of art, nature, and ethics, which cluster around its central subject: love. While the book offers larger claims about the Rose's philosophical agenda, different chapters consider the specifics of how it draws on, and responds to, Roman poetry, twelfth-century Neoplatonism, and thirteenth-century Aristotelianism in broaching questions about desire, epistemology, human nature, the imagination, primitivism, the philosophy of art, and the ethics of money.

A survey of the use of the refrain in 13th and 14th century French music and poetry, showing how it was skillfully deployed to assert the validity of the vernacular.

Before the rise of universities, cathedral schools educated students in a course of studies aimed at perfecting their physical presence, their manners, and their eloquence. The formula of cathedral schools was "letters and manners" (*litterae et mores*), which asserts a pedagogic program as broad as the modern "letters and science." The main instrument of what C. Stephen Jaeger calls "charismatic pedagogy" was the master's personality, his physical presence radiating a transforming force to his students. In *The Envy of Angels*, Jaeger explores this intriguing chapter in the history of ideas and higher learning and opens a new view of intellectual and social life in eleventh- and early twelfth-century Europe.

This interdisciplinary study explores how classical ideals of generosity influenced the writing and practice of gift giving in medieval Europe. In assuming that medieval gift giving was shaped by oral 'folk models', historians have traditionally followed in the footsteps of social anthropologists and sociologists such as Marcel Mauss and Pierre Bourdieu. This first in-depth investigation into the influence of the classical ideals of generosity and gift giving in medieval Europe reveals to the contrary how historians have underestimated the impact of classical literature and philosophy on medieval culture and ritual. Focusing on the idea of the gift expounded in the classical texts read most widely in the Middle Ages, including Seneca the Younger's *De beneficiis* and Cicero's *De officiis*, Lars Kj'r investigates how these ideas were received, adapted and utilised by medieval writers across a range of genres, and how they influenced the practice of generosity.

Från Kroatien 2006 via Korintkanalen till Egeiska havet och in i Dardanellerna och det historiska Troja når Jennifer Istanbul. Via Bosporen fortsätter de runt hela Svarta havet; till Georgien, Krim, Odessa och Donaudeltat och tillbaka till Istanbul. Härifrån seglar de ut i Egeiska havet, längs den turkiska västkusten med strandhugg i bland annat Efesus och Bodrum, till Marmaris, där Jennifer får sin vintervila. Sommarens därpå seglar Jennifer via Cypern till Israel, där de efter en komplicerad inklareringsbesök Jerusalem, Döda havet och Masada. Från Israel fortsätter färden genom Suezkanalen, med besök i Kairo och Pyramiderna, in i Röda havet. Här möts de av kulingar, bleke och stark värme men får uppleva intressanta och spännande platser i Egypten, Jordanien och Sudan. De bestiger Sinaiberget och besöker Katarinaklostret i Sinaiöknen, utforskar Petra i Jordanien och får uppleva sagolika dyk och snorklingar bland Röda havets alla rev. En av höjdpunkterna blir besöket i Suakin, Sudan. Efter Sudan vänder Jennifer och seglar norrut genom Suezkanalen, seglar en kort sträcka på Nilen vid Rosetta och stannar flera dagar i Alexandria och dess nya enorma bibliotek. Efter Egypten blir det en lång översegling till Turkiet där Jennifer i maklig takt och i labra vindar avverkar turkiska sydkusten med sina fina naturhamnar, små städer och härligt blå vatten. Efter Bodrum fortsätter seglatsen i den grekiska övärlden. Ett tiotal öar i Egeiska havet; bland annat Samos, Mykonos, Patmos, Hydra, Spetses och Kos, besöker man för att på hösten nå Lavrion, nära Aten, där Jennifer återigen får sin vintervila. Lars nya bok är på en gång en intressant reseberättelse, historisk odysse och faktafylld segelguide. För alla som tänker sig segla sin båt i Medelhavet eller mer ovanliga hav eller vill chartra båt på plats, så är Lars böcker matnyttiga och informativa. Dessutom de enda moderna som finns på svenska.
