NEW YORK TIMES BESTSELLER • This instant classic explores how we can change our lives by changing our habits. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Wall Street Journal • Financial Times In The Power of Habit, award-winning business reporter Charles Duhigg takes us to the thrilling edge of scientific discoveries that explain why habits exist and how they can be changed. Distilling vast amounts of information into engrossing narratives that take us from the boardrooms of Procter & Gamble to the sidelines of the NFL to the front lines of the civil rights movement, Duhigg presents a whole new understanding of human nature and its potential. At its core, The Power of Habit contains an exhilarating argument: The key to exercising regularly, losing weight, being more productive, and achieving success is understanding how habits work. As Duhigg shows, by harnessing this new science, we can transform our businesses, our communities, and our lives. With a new Afterword by the author “ Sharp, provocative, and useful. ” —Jim Collins “ Few [books] become essential manuals for business and living. The Power of Habit is an exception. Charles Duhigg not only explains how habits are formed but how to kick bad ones and hang on to the good. ” —Financial Times “ A flat-out great read. ” —David Allen, bestselling author of Getting Things Done: The Art of Stress-Free Productivity “ You ’ ll never look at yourself, your organization, or your world quite the same way. ” —Daniel H. Pink, bestselling author of Drive and A Whole New Mind “ Entertaining . . . enjoyable . . . fascinating . . . a serious look at the science of habit formation and change. ” —The New York Times Book Review

Photographing landscape with a film camera is different than with a digital camera. There are several books on the market that cover landscape photography but few of them are specifically for the digital photographer. This book is what you are looking for! Digital Landscape Photography covers: * equipment such as accessories and lenses * exposure from shutter speed and other common mistakes * shooting * light and its importance * composing your perfect photo * printing * and a special section on specific subjects such as waterfalls and sunrises Digital Landscape Photography, written by experts that have been shooting outdoors for decades, is a fresh look at current ways to shoot landscapes by making the most of digital format.

Written by experts that have been shooting outdoors for decades, this guide offers a fresh look at current ways to shoot landscapes by making the most of digital format. The book covers equipment such as accessories and lenses, light and its importance, and more.

Cascading Style Sheets can turn humdrum websites into highly-functional, professional-looking destinations, but many designers merely treat CSS as window-dressing to spruce up their site’s appearance. You can tap into the real power of this tool with CSS: The Missing Manual. This second edition combines crystal-clear explanations, real-world examples, and dozens of step-by-step tutorials to show you how to design sites with CSS that work consistently across browsers. Witty and entertaining, this second edition gives you up-to-the-minute pro techniques. You’ll learn how to: Create HTML that’s simpler, uses less code, is search-engine friendly, and works well with CSS Style text by changing fonts, colors, font sizes, and adding borders Turn simple HTML links into complex and attractive navigation bars – complete with rollover effects Create effective photo galleries and special effects, including drop shadows Get up to speed on CSS 3 properties that work in the latest browser versions Build complex layouts using CSS, including multi-column designs Style web pages for printing With CSS: The Missing Manual, Second Edition, you’ll find all-new online tutorial pages, expanded CSS 3 coverage, and broad support for Firefox, Safari, and other major web browsers, including Internet Explorer 8. Learn how to use CSS effectively to build new websites, or refurbish old sites that are due for an upgrade.
