Most guitar teaching methods (and books) were designed to explain musical topics, rather than help your students reach their specific musical goals. When your students don't see the connection between the materials you teach them and their musical goals, their motivation to practice guitar goes way down.

In classical guitar, the right hand is developed in such a way that it can sustain two, three, and four voice harmonies while also paying special attention to tone production. The index, middle, and ring fingers are generally used to play the melody, while the thumb accompanies in the bass register adding harmony, and produces a comparable texture and effect to that of the piano. The classical guitar is a solo polyphonic instrument, and it is difficult to master. Classical guitar

The Real Value of Guitar Method Books.

The most traditional way to teach guitar is to purchase a guitar method book and start at page one. The teacher would work their way through the book and when they reach the end a new book would be purchased. The problem with this method is it's horribly ineffective.
