Sunday Morning has a jazz-pop sound, great rhythms and great harmony. This song also show cases Adam Levine's voice with the lead vocals. I already liked some of Maroon 5's videos and singles. The single Sunday Morning shows this group can be versatile with their choice of music.

Maroon 5 is one of those few bands that really does catch on quickly, especially with a lot of tracks from Songs About Jane. Their latest single, Sunday Morning, the fourth single from that album, is a delightful pop song that has just a simplistic melodic beat that really is just remarkably delightful to listen to.

Couple of different versions out there. Just
a little tweak to the one I liked best...

Changed the A to an Amaj7 for a little
more character, and I think it's closer to
the actual song. Been playing everyone
else's tabs for years. Happy to finally
contribute my first post.
