emotional development, and productive human relations both in personal and professional lives. This fifth edition includes an exciting new chapter entitled: “Morals, Manners, and Attitude Adjustments for Effective Human Relations.” Students will learn how matters of character, ethics, and social etiquette are all essential to getting along with others and functioning in a professional and responsible way. Chapters Two and Three have also been combined to produce a more effective treatment of psychological type and its impact on communication dynamics. Other elements of the book have been updated to present a fresh new look, one which will surely interest and engage your students!

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN.

nutrition.

"Contemporary Human Geography" is a beautifully crafted, modular springboard into essential human and cultural geography concepts, designed for the contemporary geography student. This brief, innovative text explores current human geography in the bold visual style that distinguishes Dorling Kindersley (DK) publications. Topics within each chapter are organized into modular, self-contained, two-page spreads. Together with the graphics, Rubenstein's efficient writing engages students, presenting information clearly without sacrificing the high-quality geography content essential to students and instructors.

media, website access codes, or print supplements that may come packaged with the bound book. For courses in Adjustment, Interpersonal Behavior, and Human Relations A conceptual and skills-based overview of relationship building in today's world Human Relations: The Art and Science of Building Effective Relationships helps students learn how to communicate more effectively within all of their personal and professional relationships. Employing a three-tiered approach to human relations, author Vivian McCann helps students to understand the psychological concepts that underlie relationships, to build the skills needed to communicate effectively, and to consider the influence of cultural norms and backgrounds throughout the relationship-building process. Revised to reflect the latest data and research, the Second Edition also includes updated information about how new
