Maddie lives in a world where everything is done on the computer. Whether it's to go to school or on a date, people don't venture out of their home. There's really no need. For the most part, Maddie's okay with the solitary, digital life until she meets Justin. Justin likes being with people. He enjoys the physical closeness of face-to-face interactions. People aren't meant to be alone, he tells her. Suddenly, Maddie feels something awakening inside her—a feeling that maybe there is a different, better way to live. But with society and her parents telling her otherwise, Maddie is going to have to learn to stand up for herself if she wants to change the path her life is taking. In this not-so-brave new world, two young people struggle to carve out their own space. This ebook includes a sample chapter of MIDDLE GROUND.

In this provocative cautionary tale for teens, the sequel to Awaken, seventeen-year-old Maddie's rebellion against the digital-only life grows dangerous. Maddie is in Los Angeles, trying to stay out of trouble. But one night, a seemingly small act of defiance lands her in the place she fears the most: a detention center. Here, patients are reprogrammed to accept a digital existence. Maddie is now fighting for her mind, her soul, and her very life. Once again, Katie Kacvinsky paints a disturbing picture of our increasingly technology-based society. This ebook includes a sample chapter of Still Point.

In the final installment to the trilogy begun with Awaken, Maddie returns home to make her final stand against Digital School, and uncovers deeply guarded secrets about her family and new truths about herself.

Ten months after his twin sister dies, with his family falling apart, Gray Thomas meets an unusual girl at the community college who makes him think life is interesting again.

Unputdownably romantic! Tammara Webber, New York Times bestselling author of Easy For most of her teenage life, CeCe Edmonds has been dealing with the stares and the not-so-polite whispers that follow her around Edgelake High. So she has a large scar on her face—Harry Potter had one on his forehead and people still liked him. CeCe never cared about her looks until Emmett Brady, transfer student and football darling, becomes her literature critique partner. The only problem? Emmett is blindsided by Bryn DeNeuville, CeCe's gorgeous and suddenly shy volleyball teammate. Bryn asks CeCe to help her compose messages that'll charm Emmett. CeCe isn't sure there's anything in his head worth charming but agrees anyway—she's a sucker for a good romance. Unfortunately, the more messages she sends and the more they run into each other, the more she realizes there's plenty in his head, from food to literature. Too bad Emmett seems to be falling for the wrong girl... Disclaimer: This Entangled Teen Crush book involves one fiercely scarred girl who wants the new guy in town, the new guy who thinks he wants the new girl, and the new girl who really isn't sure what she wants, and the misunderstanding that brings them all together. This modern Cyrano de Bergerac retelling will make you laugh, swoon, and fall in love.

FROM THE CRITICALLY ACCLAIMED AUTHOR OF THE LONGSHOT comes this gripping saga about the destruction of a family, a home, and a way of life. Set on a struggling farm in a colonial country teetering on the brink of civil war, *Gone to the Forest* is a tale of family drama and political turmoil in which fiery storytelling melds with daring, original prose. Since his mother's death, Tom and his father have fashioned a strained domestic peace, where everything is frozen under the old man's vicious control. But when a young woman named Carine arrives at the farm, the tension between the two men escalates to the breaking point. Hailed by the *Boston Globe* as "a major talent," Kitamura shines in this powerful new novel.

FRIGHTENED MONSTERS. STOLEN TIME. AND ONE SERIOUSLY UNDERESTIMATED DAMSEL. Katie ran from the magical world years ago. She never planned on being dragged back in by a prophesying clamshell. The seers believe she alone can prevent an apocalypse of ruined time and broken worlds. Bran the Crow King believes she can save him from his cannibalistic grandfather. Katie believes they're all nuts. One thing is for certain: she's not waiting around for help. Operation Katie Saves her Own Damn Self is officially on.

David has a big problem; she is really a girl named Sarah. But nobody knows and everyone assumes she is a boy. When her parents ask why she is so sad, is she brave enough to tell them the truth?
