In Fall 2020, Miele appliances introduced the G7000 series of dishwashers - their most revolutionary models to date. These dishwashers incorporated cutting edge technology, such as the AutoDos automatic detergent dispenser feature, which eliminates the annoying task of loading detergent each and every time you go to wash your dishes.

Miele G 7000 Series Front Control Dishwasher The main benefit of a Miele dishwasher is its quality of components that are made to last longer. In an era of outsourcing many parts to any product, Miele distinguishes itself by manufacturing 96.8% of all its components in Germany. Usually, this is more expensive.
