Microsoft's new operating system may look like a radical departure from Windows 7, but it works, it makes sense, and it's the future. Numerous small improvements to the desktop user interface make many computing tasks easier to perform. In this book, we help you decide whether to upgrade to Windows 8, the best way to go about doing so, and the biggest changes between this version and previous versions of the operating system.

Meaningful touch is an essential part of truly person-centred dementia care, yet its value is often viewed as secondary to its perceived risks. This book restores trust in the power of touch, demonstrating the vital role it plays in supporting personhood, relationships and wellbeing, and challenging the barriers preventing staff from using touch in meaningful ways. Using many examples from practice, Luke Tanner demonstrates that touch and other forms of non-verbal communication are essential for 'being with' and not just 'doing to' people living with a dementia, and explains how and when to use touch effectively in everyday interactions, and in all stages of dementia. He places touch in the context of consent and safeguarding, whilst emphasising the need for positive attitudes to touch to be at the heart of care cultures. Offering perspectives, ideas, training exercises and culture change actions to maximise the benefits of touch in dementia care settings, this practical guide will enable practitioners to reflect on their own use of touch and develop the knowledge, skills and confidence to place meaningful touch at the heart of their work.

Every woman could use a little supernatural assistance now and then. With help from renowned psychic Sophia, now you can do as the ancients did and summon the power of a goddess. Need money? Summon Lakshmi, Hindu goddess of wealth and prosperity. Want to advance your career? Call upon Athena, Greek patroness of career women. Having a run of bad luck? Invoke Fortuna, Roman goddess of good luck and help in gambling. For every dilemma, there is a goddess who has the power you seek. Sophia brings the power of the ancients to you in this fun guide designed to help you get what you want out of life. Sophia describes each goddess in detail, listing her sacred color, symbol, element,

stone, and scent. She offers a fascinating history of each goddess and her traits, including how she has been worshiped throughout history. Decide which goddess you need, then perform an invocation to summon her powers. Through a visualization exercise, you will "meet" the goddess in a dream. Finally, spells and empowerment charms help you "become" the goddess and bring her aspects into everyday life. With the wisdom of Athena, the prosperity of Lakshmi, and the luck of Fortuna, you can't lose!

An acclaimed journalist shares the gripping story of her rape when she was a college freshman, achieving justice in the courtroom, and triumphing in the face of violence.

From bestselling author Scarlett St. Clair comes a dark and enthralling reimagining of the Hades and Persephone Greek myth. "Let me worship you," he said. She remembered the words she had whispered to him in the back of the limo after La Rose. "You will worship me, and I won't even have to order you." His request felt sinful and devious, and she reveled in it. She answered, "Yes." Persephone is the Goddess of Spring in title only. Since she was a little girl, flowers have only shriveled at her touch. After moving to New Athens, she hoped to lead an unassuming life disguised as a mortal journalist. All of that changes when she sits down in a forbidden nightclub to play a hand of cards with a hypnotic and mysterious stranger. Hades, God of the Dead, has built a gambling empire in the mortal world and his favorite bets are rumored to be impossible. But nothing has ever intrigued him as much as the goddess offering him a bargain he can't resist. After her encounter with Hades, Persephone finds herself in a contract with the God of the Dead, and his terms are impossible: Persephone must create life in the Underworld or lose her freedom forever. The bet does more than expose Persephone's failure as a goddess, however. As she struggles to sow the seeds of her freedom, love for the God of the Dead grows—a love that is both captivating and forbidden.

In *The Four Agreements*, bestselling author don Miguel Ruiz reveals the source of self-limiting beliefs that rob us of joy and create needless suffering. Based on ancient Toltec wisdom, *The Four Agreements* offer a powerful code of conduct that can rapidly transform our lives to a new experience of freedom, true happiness, and love. • A New York Times bestseller for over a decade • Translated into 46 languages worldwide "This book by don Miguel Ruiz, simple yet so powerful, has made a tremendous difference in how I think and act in every encounter." — Oprah Winfrey "Don Miguel Ruiz's book is a roadmap to enlightenment and freedom." — Deepak Chopra, Author, *The Seven Spiritual Laws of Success* "An inspiring book with many great lessons." — Wayne Dyer, Author, *Real Magic* "In the tradition of Castaneda, Ruiz distills essential Toltec wisdom, expressing with clarity and impeccability what it means for men and women to live as peaceful warriors in the modern world." — Dan Millman, Author, *Way of the Peaceful Warrior*

The Schutzhund Training Manual begins with the brief history and regulations of the sport of Schutzhund/IPO, to working abilities, pack structure, and understanding the basic language of dogs.

The type test inside will tell you about the choices you've made and the direction you're taking—according to C. G. Jung's theory of psychological types. For Jung, knowing your type was essential to understanding yourself: a way to measure personal growth and change. But his ideas have been applied largely in the areas of career and marital counseling, so type has come to seem predictive: a way to determine your job skills and social abilities. This book reclaims type as a way to talk about people's inner potential and the choices they make in order to honor it. Using everyday examples from popular culture—films, "Star Trek," soap operas, comic strips—it describes the sixteen basic ways people come to terms with their gifts and values. In this book you will find tools to understand:

- How your personality takes shape
- How your type reflects not only your current priorities, but your hidden potential
- How unlived possibilities are trying to get your attention
- How relationships at home and at work can help you to tap your unrealized gifts

Whether you're trying to figure out who you are and what you need to do in life, or recognizing that deeper meaning lies beyond what you've already accomplished, this book will help you to become aware of your greatest strengths, your opportunities to live them out, and your ability to make the most of your unique potential.
