A biography of Oprah Winfrey examines the personal life and career of the influential icon and discusses her place in modern American culture.

For the past twenty-five years, no one has been better at revealing secrets than Oprah Winfrey. On what is arguably the most influential show in television history, she has gotten her guests—often the biggest celebrities in the world—to bare their love lives, explore their painful pasts, admit their transgressions, reveal their pleasures, and explore their demons. In turn, Oprah has repeatedly allowed her audience to share in her own life story, opening up about the sexual abuse in her past and discussing her romantic relationships, her weight problems, her spiritual beliefs, her charitable donations, and her strongly held views on the state of the world. After a quarter of a century of the Oprah-ization of America, can there be any more secrets left to reveal? Yes. Because Oprah has met her match. Kitty Kelley has, over the same period of time, fearlessly and relentlessly investigated and written about the world's most revered icons: Jacqueline Kennedy Onassis, Frank Sinatra, Nancy Reagan, England's Royal Family, and the Bush dynasty. In her #1 bestselling biographies, she has exposed truths and exploded myths to uncover the real human beings that exist behind their manufactured facades. Turning her reportorial sights on Oprah, Kelley has now given us an unvarnished look at the stories Oprah's told and the life she's led. Kelley has talked to Oprah's closest family members and business associates. She has obtained court records, birth certificates, financial and tax records, and even copies of Oprah's legendary (and punishing) confidentiality agreements. She has probed every aspect of Oprah Winfrey's life, and it is as if she's written the most extraordinary segment of The Oprah Winfrey Show ever filmed—one in which

Oprah herself is finally and fully revealed. There is a case to be made, and it is certainly made in this book, that Oprah Winfrey is an important, and even great, figure of the twentieth and twenty-first centuries. But there is also a case to be made that even greatness needs to be examined and put under a microscope. Fact must be separated from myth, truth from hype. Kitty Kelley has made that separation, showing both sides of Oprah as they have never been shown before. In doing so she has written a psychologically perceptive and meticulously researched book that will surprise and thrill everyone who reads it.

The first comprehensive biography of one of the most influential, powerful and admired public figures of our time is based on three years of research and reporting as well as 850 interviews with sources, many of whom have never before spoken for publication. 600,000 first printing.

The first complete portrait of one of the most influential, powerful, and admired public figures of our time - the international talk show queen revealed as never before.

**#1 NEW YORK TIMES BESTSELLER** • With a new afterword by the author in honor of Frank Sinatra's 100th birthday This is the book that Frank Sinatra tried—but failed—to keep from publication, and it's easy to understand why. This unauthorized biography goes behind the iconic myth of Sinatra to expose the well-hidden side of one of the most celebrated—and elusive—public figures of our time. Celebrated journalist Kitty Kelley spent three years researching government documents (Mafia-related material, wiretaps, and secret testimony) and interviewing more than 800 people in Sinatra's life (family, colleagues, law-enforcement officers, friends). The result is a stunning, often shocking exposé

## Download Ebook Oprah A Biography Kitty Kelley

of a man as tortured as he was talented, as driven to self-destruction as he was to success. Featuring a new afterword by the author, this fully documented, highly detailed biography—filled with revealing anecdotes—is the penetrating story of the explosively controversial and undeniably multitalented legend who ruled the entertainment industry for fifty years and continues to fascinate to this day. Praise for *His Way* “The most eye-opening celebrity biography of our time.”—The New York Times “A compelling page-turner . . . Kitty Kelley’s book has made all future Sinatra biographies virtually redundant.”—Los Angeles Herald Examiner

A shocking portrait of the 1980s, America, and the woman whose position helped shape the values and policies of the Reagan administration. Through over 1,000 interviews collected during four years of exhaustive research and reporting, Kelley reveals Nancy Reagan as a superb public performer, a vain, materialistic social climber, a bitter foe and formidable strategist—an American phenomenon.

A bestselling author goes behind the lens of a legendary photographer to capture a magical time A consummate photojournalist, Stanley Tretick was sent by United Press International to follow the Kennedy campaign of 1960. The photographer soon befriended the candidate and took many of JFK's best pictures during this time. When Kennedy took office, Tretick was given extensive access to the White House, and the picture magazine *Look* hired him to cover the president and his family. Tretick is best known today for the photographs he took of President Kennedy relaxing with his children. His photographs helped define the American family of the early sixties and lent Kennedy an endearing credibility that greatly contributed to his popularity. Accompanied by an insightful, heartwarming essay from Kitty Kelley—Tretick's close friend—about the relationship between the photographer and JFK,

Capturing Camelot includes some of the most memorable images of America's Camelot and brings to life the uniquely hopeful historical era from which it emerged.

She was the definition of White House style for too brief a time. And as a private citizen, we couldn't seem to get enough of her. Here is the inside, outside, upside and downside of our own American princess. Tragic, heroic, private: the image of Jacqueline Kennedy Onassis remains the image of an American icon that will never lose its ability to charm and fascinate.

A bestselling author and legendary photographer present an illuminating look at a pivotal moment in our nation's history: The March on Washington. Despite the heat and humidity, people came in droves from across the country and around the world, heading for the towering spire of the Washington Monument in our nation's capital. All of the marchers—black, white, Christian, and Jew—shared the same dream: freedom and equality for 19 million African Americans. Almost 300,000 strong, the marchers poured into Washington, D.C., to bear witness, to hear the immortal words of Martin Luther King, Jr., and to petition Congress to pass the President's Civil Rights bill. Stanley Tretick, a seasoned photojournalist best known for his iconic images of President Kennedy and his family, was also in the crowd, drawing inspiration from the historic scenes unfolding before him. In this magnificent book, his stirring photographs of that day are published for the first time. Accompanied by an insightful essay and captions from bestselling author Kitty Kelley, as well as a moving foreword by Marian Wright Edelman, *Let Freedom Ring* commemorates the fiftieth anniversary of the March on Washington and celebrates
