Photographies East is a compelling and thought-provoking volume of detailed case studies, which succeeds in its multidisciplinary aims to further the critical debate on photography's histories and legacies in Southeast and East Asia. With its astute and wide-ranging use of theoretical and empirical approaches to materials on the periphery of academic attention, it will help foster dialogues between visual anthropologists, cultural historians, area specialists, and historians of photography ...

978-0-8223-9182-1. Publication date: 2009. Introducing PhotographiesEast, Rosalind C. Morris notes that although the camera is now a taken-for-granted element of everyday life in most parts of the world, it is difficult to appreciate "the shock and sense of utter improbability that accompanied the new technology" as it was introduced in Asia (and elsewhere).
