The authoritative text in police field operations. The result of over two years of revisions, Police Field Operations, Eight Edition brings this essential text up to date with the most recent developments in police practices and procedures. For years, Adams has served as the textbook standard for police departments and academies and academic programs across the country. Written from the perspective of a working police officer, the text presents the real-life scenarios an officer is likely to encounter while on-duty. It focuses on community policing, details how and why certain procedures are used, and provides instructional techniques from leading police academies.

This trusted book provides a focused, practical introduction to the key principles and practices guiding the operations of modern police departments. While maintaining its proven instructional approach and strong focus on community- and problem-oriented policing, the sixth edition of POLICE OPERATIONS: THEORY AND PRACTICE reflects the latest trends and research shaping the day-to-day operations of progressive police departments. A new Perspectives from a First-Line Supervisor feature shares practical, applied information. Highlights include new and revised information on evolving technology, the police officer hiring process, how police use websites and social media to communicate with the public, patrol techniques, cultural diversity, cell phone use and laws, hazardous materials response, federal emergency response agencies, and cyberterrorism. The authors complement this wealth of information with an appealing writing style, numerous photos and illustrations, and real-life examples to engage your interest, enhance learning, and demonstrate the professional relevance of chapter material. Now better than ever, this convenient book is an ideal resource for law enforcement students and professionals who want an accessible, up-to-date guide to essential principles and current trends and practices in police operations. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

A must for anyone studying for promotion in law enforcement. Among topics included: principles of management & supervision associated with a police supervisor's role or manager's role as a leader, planner, communicator, interviewer, performance evaluator, & human relations specialist.

Community policing is a philosophy and organizational strategy that expands the traditional police mandate of fighting crime to include forming partnerships with citizenry that endorse mutual support and participation. The first textbook of its kind, Community Policing: A Contemporary Perspective delineates this progressive approach, combining the accrued wisdom and experience of its established authors with the latest research based insights to help students apply what is on the page to the world beyond. 'Spotlight on Community Policing Practice' sections feature real-life community policing programs in various cities, and problem-solving case studies cover special topics. The text has been revised throughout to include the most current developments in the field such as how the current climate of suspicion associated with terrorism threats affects the trust so necessary for community policing, and how the newest technologies can be harnessed to facilitate police interactions with citizens. Additionally, the book now explores the fragmentation of authority and emphasizes the importance of partnerships among the numerous law enforcement agencies, government agencies, and private social service agencies. * Each chapter contains learning objectives, key terms, and discussion questions that encourage comprehension * Video and Internet links provide additional coverage of topics discussed throughout the text. * Includes a 'Ten Principles of Community Policing' addendum

With Miller and Hess's community policing text, you'll learn the basics of today's policing environment, while focusing on the essential elements of success: problem solving, community/police collaboration, and partnerships.

In the field of law enforcement in the United States, it is essential to know the contemporary problems being faced and combine that knowledge with empirical research and theoretical reasoning to arrive at best practices and an understanding of policing. Policing in America, Eighth Edition, provides a thorough analysis of the key issues in policing today, and offers an issues-oriented discussion focusing on critical concerns such as personnel systems, organization and management, operations, discretion, use of force, culture and behavior, ethics and deviance, civil liability, and police-community relations. A critical assessment of police history and the role politics played in the development of American police institutions is also addressed, as well as globalization, terrorism, and homeland security. This new edition not only offers updated research and examples, it also incorporates more ways for the reader to connect to the content through learning objectives, discussion questions, and "Myths and Realities of Policing" boxes. Video and Internet links provide additional coverage of important issues. With completely revised and updated chapters, Policing in America, Eighth Edition provides an up-to-date examination of what to expect as a police officer in America. In full color, including photographs and illustrations Video links provide additional coverage of topics discussed in the text Learning objectives, critical thinking questions, and review questions in every chapter help to reinforce key concepts Updated figures and "Myths and Realities of Policing boxes provide important context Includes all-new content, such as further coverage of violent crime reduction programs, gangs, and drug use Access to student and instructor ancillaries, including Self-Assessments, Case Studies, Test Bank, and PowerPoint Lecture Slides

With a strong focus on problem solving and community-police partnerships, Miller, Hess, and Orthmann's comprehensive text provides a practical, up-to-date guide to effective community policing. After introducing the history and philosophy of the movement that has profoundly shaped modern police operations, the authors emphasize practical strategies and essential skills to help readers apply effective, real-world problem solving within their communities. In light of high-profile deadly force incidents that have strained the relationships between the community and the police, this edition taps into the recommendations in the Final Report of the President's Task Force on 21st Century Policing and its call for a renewed emphasis on community policing to strengthen public trust and build police legitimacy. And the MindTap that accompanies the text helps students master techniques and key concepts while engaging them with career-based decision-making scenarios, visual summaries, and more. This new edition provides an overview of police patrol that combines theory with practical applications for police supervisors, executives, and those in support-service roles who want to know how their work contributes to public safety. It covers patrol operations, goals and strategies. It combines management theory with case study examples taken from small police departments. The new edition adds coverage of community and problem oriented policing. Each chapter focuses on a specific aspect of police patrol operations. Includes a new chapter on community-oriented policing that reflects the latest developments in the field, as well as a new chapter on special issues in police patrol that highlights the police and the community, special problems and special people.

Field Command is a first of its kind; a full-length tactical science textbook focused specifically on crisis situations faced by the law enforcement community. It expands on the concepts laid out in Heal's Sound Doctrine: A Tactical Primer. The concepts and principles are taken from tactical texts and military field manuals and are presented as close to how they are used as possible. To facilitate understanding, illustrations are abundant and not only clarify the text but amplify it with new insights and applications.
