pro klima air cooler service Coronavirus – Notice to our partners. Dear partners, With the aim of transparently spreading information on the coronavirus situation in our company, Pro-Klima, we wish to inform you that currently, the company has no infected employees and that most operations are being conducted normally and at full capacity.

The sustainable renovation of older buildings involves more than just an improvement of their energy footprint  $0.1/40C$  and it is due to the complexity of the issue why architects are destined to take on this task. The book, Energy efficiency refurbishments, was written by architects for architects. It shows how design, construction and systems engineering carried out during the renovation of diverse types of buildings fit together."
